

# Meet your teacher

Mr P Revell

## WELCOME

Imagine, there's no homework- it's easy if you try. A big welcome to John Lennon class.

We're already back from our first adventure in Year 6 and we've had a fab time rock climbing, caving, canoeing and problem solving at Robing Wood. Across the Year we are going to be exploring Aztec civilisation and comparing their culture with modern living in the UK. We will then look at Fairtrade as a topic, considering the lives of children in other countries and how ethical choices made in our shopping baskets can help bring greater equality to our world. And as we rollercoaster towards the end of our Primary School journey we will look at the compelling story of the Titanic and consider the arguments behind why it sank. Along the way we are going to work hard, but the end of year 6 brings with it some nice treats as well!!!

### A LITTLE ABOUT ME

Like you guys, I went to school in Lepton, in-fact I was educated in the same building that you are. In my free time, I love spending time with my family and friends. I'm most relaxed when I'm cooking or playing golf and I'm most stressed when following the trials and tribulations of Liverpool Football Club. My favourite place in the world is South East Asia- I love the beaches there, I love the hustle and bustle of their street markets and above all I love the food there too- the spicier the better.

### FAVOURITES

**Colour:** Blue

**Movie:** Good Will Hunting/ Some Like it Hot

**Food:** Steak with peppercorn sauce

**Place:** Thailand

**Hobby:** Golf and cooking

**Sport:** Golf and tennis

**Season:** Summer
