

KS2 Hockey Festival

26/09/18

Children from Hillside attended a hockey festival held at Rowley Lane School. These children had experience of hockey when they went to a similar event at Newsome High School. As a result they were able to perform at a higher level. The children learnt how to pass, dribble and shoot by specific drills and then went into small sided games. All the children loved the experience, with several wanting information about the nearest hockey club so they could go along and start playing.
