

English

This term we will be learning about Indian culture, studying the book, *Cloud Tea Monkeys*. We will also have a look at the story of *Grandpa Chatterji* to explore how Indian culture can be similar and different to our own.

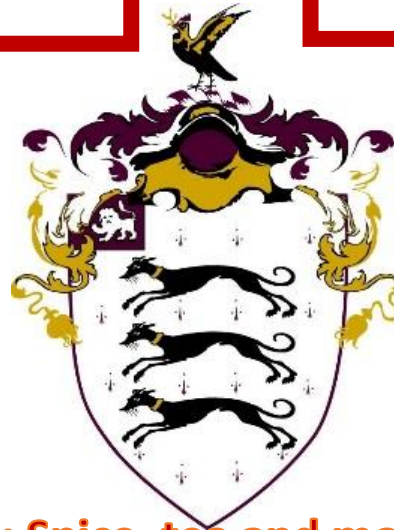

Maths

Our focus in maths this term will be on addition and subtraction and using formal methods for these. We will be looking at mastering these concepts by being able to apply them in lots of different ways.

Science

Year 4: This term we will learn about sound. We will be learning about how vibrations cause sounds and how sounds travel, as well as how sounds can change their pitch and loudness.

Year 3: This half term we will complete our magnets topic. We will then be learning about rocks. Learning about different types of rock and seeing how they are used.

**Yews: Spice, tea and monkeys;
a journey through India**

Topic: Geography/History

This term we will be continuing to learn about India but we will be focusing more on the History of India, looking at the Indus Valley.

P.E.

This term we will be learning about netball and gymnastics. We will focus on developing our skills and strategies in a game situation.

R.E.

This term we will be continuing to learn about what it is like to be Hindu in Britain today. We will learn about their key beliefs and practices.

Computing

This term we will be developing our programming skills. We will learn what an algorithm is and be able to create simple ones to solve problems. We will also begin to look at debugging programs and look at ways to do this.
