Dear Parents and Carers,

## Big Draw

This week the children have enjoyed a range of creative activities as part of our Big Draw themed week –it has been great to see so many pupils sharing their fun creations with me. Many thanks to Mrs Wells for organising the week and the staff team for supporting such an excellent initiative.

## Maths Workshops

We would like to invite all our parents and carers to a series of workshops to gain a better understanding of our school's approach to teaching and learning in maths. The learning of maths has changed significantly in the last number of years. During these sessions, you will have the opportunity to work alongside your child as we guide you through some of the teaching methods that we use in the classroom. Our hope is to share with you some of our tips and techniques to help you support your child with their learning at home. We will meet at 8:55 in the office area then from 9:00 to 9:40 you can work with your child in their class on two or three different topics as explained by the teacher. All are welcome and we would encourage you to come even if you do not feel confident in maths yourself. The children enjoy opportunities to share their learning with you. Sign-up sheets will be available in the office so we have an idea of numbers.
