

Maths-We will build on our skills and develop our fluency with facts about numbers through:

- Counting to 100 forwards and backwards and from any given number
- Reading and writing numbers to 100 in numerals
- Identifying and representing numbers using base 10 equipment as well as other concrete, pictorial and abstract resources
- Counting in multiples of twos, fives and tens
- Exploring early multiplication and division
- Solving problems with money
- Learning to tell the time to the hour and half past the hour
- Recognising halves and quarters

Science - We will develop our scientific skills while learning about:

- Seasonal change- winter/spring (linked to Geography)
- Plants

Computing - We will:

- Learn how to use technology safely
- Use the World Wide Web to carry out research
- Use digital resources to share results
- Verify the research we find by checking with another source.
- Improve our independence whilst using the laptops

English

As well as Phonics, Spelling, Grammar and Punctuation lessons we will:

- Explore different varieties of text including: Instructions, fact files, fantasy texts, letters, diary entries, non-fiction texts, riddles and poems
- Read aloud our work for others to enjoy
- Develop our handwriting by forming ascenders and descenders correctly
- Sequence sentences to form effective short narratives
- Spend time re reading our work to spot opportunities for development

Geography-We will:

- Identify seasonal and Daily weather patterns in the UK (science link)
- Use maps and Atlases to identify the UK and all of its capital cities
- Learn and use simple compass directions
- Use our skills to create simple maps with symbols
- Use the language related to the physical and human aspects of our world

History-We will:

- Learn about previous British Monarchs and the effect their reign has on us today
- Understand the difference between things that have happened in the past and in the present
- Understand why people acted the way they did
- Explore a range of resources including photos and artefacts to learn about the past

PSHE - Jigsaw

- 1st half term — Relationships
- 2nd half term — Changing me

Music

- 1st half term: Exploring Instruments and Symbols
- 2nd half term: Exploring timbre, tempo and dynamics

Religious Education

- Our focus for R.E. will be comparing Islam and Christianity
- We will explore the books that are important to these two religions and why

DT-We will:

- Design, make and evaluate a range of different creations including: a royal wedding cake and castle

Art -We will:

- Look at various artists and their work
- Develop our painting and drawing skills by completing portraits
- Explore weaving with paper

PE

- Apex Sports will be taking Year 1's PE this term. They have planned a variety of lessons around Games, Dance and Gymnastics.

Year 1

Summer Term 2018

'Enjoying Our Learning Journey, Travelling Forward Together'.

Our topic focus for this term is **Turrets and Tiaras!** We will be gliding into the world of monarchy and castles to find out about the History of Great Britain!

If you have any resources, books or artefacts which you feel would enhance our work, we would really appreciate borrowing them! Please ensure they are named. I have attached a copy of the overview of the term so that you can see some of what we will be learning in Year 1, find more details on our weekly newsletter.

Mrs Dunk and the Year 1 team
