

YEAR GROUP NEWS

12th October 2018

Reception

This week the children have been learning the story "We're Going on a Bear Hunt". We have mapped the story using pictures and put actions to all the different parts of the story to help us remember the order of the story.

We went on a real bear hunt through the Secret Garden, travelling through grass, water, mud, a forest and even a snowstorm before arriving at the cave where the bear lives!

In maths we have been using position words such as above, underneath, in front of and behind to place objects around our friends. We worked in partners to do this. In phonics we have been practising to read, build words and write with the sounds we have already learned so there are no new sounds in the sound packs this week.

Thank you for reading at home, we will read individually with the children once every week and we will change their books if necessary when we read with them. If you would like to change the books more frequently then please help your child to do this in class or encourage them to do this themselves at the beginning of school.

Thank you for signing up for the Parents' meetings next Thursday. The appointment times are now up on the class windows so you can see your appointment time.

YEAR 1

This week we have been learning about number bonds to 5. We have been trying to find all the ways to make 5 together in class. We investigated how our 5 superheroes moved from town to school. This helped us subitize (learn in order) the number bonds to 5. You could play a game of shops at home where your child has 5 coins and you can label the objects with coin values. You could take it turns to play shopkeeper and customer.

YEAR 2

Thank you to everyone who came to our workshop yesterday. Don't forget to sign up for a slot at our Parents' Consultations next week.

Thanks to Mr Kolonko who came in this week to give a fantastic talk to the children about teeth. We have been learning about the different types of teeth and using this to identify predators and prey in the animal kingdom.
