

Early Years Policy

Aims

This policy aims to ensure:

- That children access a broad and balanced curriculum that gives them the broad range of knowledge and skills needed for good progress through school and life.
- Quality and consistency in teaching and learning so that every child makes good progress and no child gets left behind.
- Close partnership working between practitioners and with parents and/or carers.
- Every child is included and supported through equality of opportunity and anti-discriminatory practice.

Legislation

This policy is based on requirements set out in the 2017 statutory framework for the Early Years Foundation Stage (EYFS).

Curriculum

Our early years setting follows the curriculum as outlined in the 2017 statutory framework of the EYFS.

The EYFS framework includes 7 areas of learning and development that are equally important and inter-connected. However, 3 areas known as the prime areas are seen as particularly important for igniting curiosity and enthusiasm for learning, and for building children's capacity to learn, form relationships and thrive.

The prime areas are:

- Communication and language.
- Physical development.

- Personal, social and emotional development.

The prime areas are strengthened and applied through 4 specific areas:

- Literacy.
- Mathematics.
- Understanding the world.
- Expressive arts and design.

Planning

Staff plan activities and experiences for children that enable children to develop and learn effectively. In order to do this, practitioners working with the youngest children are expected to focus strongly on the 3 prime areas.

Staff also take into account the individual needs, interests, and stage of development of each child in their care, and use this information to plan a challenging and enjoyable experience. Where a child may have a special educational need or disability, staff consider whether specialist support is required, linking with relevant services from other agencies, where appropriate.

In planning and guiding children's activities, practitioners reflect on the different ways that children learn and include these in their practice.

Teaching

Each area of learning and development is implemented through planned, purposeful play, and through a mix of adult-led and child-initiated activities. Practitioners respond to each child's emerging needs and interests, guiding their development through warm, positive interaction.

As children grow older, and as their development allows, the balance gradually shifts towards more adult-led activities to help children prepare for more formal learning, ready for Form 1.

Assessment

At The Mount School, ongoing assessment is an integral part of the learning and development processes. Staff observe pupils to identify their level of achievement, interests and learning styles. These observations are used to shape future planning. Practitioners also take into account observations shared by parents and/or carers.

At the end of the EYFS, staff complete the EYFS profile for each child. Pupils are assessed against the 17 early learning goals, indicating whether they are:

- Meeting expected levels of development

- Exceeding expected levels or,
- Not yet reaching expected levels ('emerging')

The profile reflects ongoing observations and discussions with parents and/or carers. The results of the profile are then shared with parents and/or carers.

Working with parents

We recognise that children learn and develop well when there is a strong partnership between practitioners and parents and/or carers.

Parents and/or carers are kept up to date with their child's progress and development. The progress check and EYFS profile helps to provide parents and/or carers with a well-rounded picture of their child's knowledge, understanding and abilities.

The Form teacher helps to ensure that children's learning and care is tailored to meet their needs. The Form teacher supports parents and/or carers in guiding their child's development at home. The Form teacher also helps families to engage with more specialist support, if appropriate.

Safeguarding and welfare procedures

Our safeguarding and welfare procedures are outlined in our safeguarding policy.

Monitoring arrangements

This policy will be reviewed annually.
