Section 1 School Commitment

This policy applies to all adults, including volunteers, working in or on behalf of the school.

We aim to work in partnership and have an important role in multi-agency safeguarding arrangements as set out by Working Together 2018. Everyone working in or for our school service shares an objective to help keep children and young people safe by contributing to:

Providing a safe environment for children and young people to learn and develop in our school setting, and

Identifying children and young people who are suffering or likely to suffer significant harm, and taking appropriate action with the aim of making sure they are kept safe both at home and in our school setting’.

The Mount School is committed to safeguarding and promoting the well-being of all of its pupils. Each pupil’s welfare is of paramount importance. We recognise that some children *may* be especially vulnerable to abuse. We recognise that children who are abused or neglected may find it difficult to develop a sense of self-worth and to view the world in a positive way. Whilst at school, behaviour may be challenging. We recognise that they may exhibit concerning behaviours and at times this may impact on other children either directly or indirectly. We will always take a considered and sensitive approach in order that we can support all of our pupils.

Section 2 Providing a Safe and Supportive Environment

2.1 Safer Recruitment and Selection (please download guidance on DBS, Vetting and Barring)

The school pays full regard to DfE guidance 'Keeping Children Safe in Education'

We ensure that all appropriate measures are applied in relation to everyone who works in the school who is likely to be perceived by the children as a safe and trustworthy adult including e.g. volunteers and staff employed by contractors. Safer recruitment practice includes scrutinising applicants, verifying identity, academic and vocational qualifications, obtaining professional references, checking previous employment history and ensuring that a candidate has the health and physical capacity for the job. It also includes undertaking interviews and checking the candidates DBS status, the Children's List, Criminal Records Bureau checks and right to work in England checks.

In line with statutory changes, underpinned by regulations, the school/college will maintain a Single Central Record (SCR). This document will cover the following people:

- all staff (including supply staff, and teacher trainees on salaried routes) who work at the school: and all members of the proprietor body.

The information that must be recorded in respect of all staff members mentioned above is whether the following checks have been carried out or certificates obtained, **and** the date on which each check was completed/certificate obtained apply:

- an identity check.
- a barred list check.
- an enhanced Disclosure and Barring Service (DBS) check.
- a prohibition from teaching check.
- a section 128 check (for management positions as set out in paragraph 99 for independent schools, including free schools and academies).
- further checks on people who have lived or worked outside the UK: this would include recording checks for those European Economic Area (EEA) teacher sanctions and restrictions.
- a check of professional qualifications.
- a check to establish the person's right to work in the United Kingdom.

For supply staff, the school will include written confirmation that the employment business supplying the member of supply staff has carried out the relevant checks and obtained the appropriate certificates, whether any enhanced DBS check certificate has been provided in respect of the member of supply staff and the date that confirmation was received.

Where checks are carried out on volunteers, the school will record this on the single central record. Under no circumstances will a volunteer in respect of whom no checks have been obtained be left unsupervised or allowed to work in regulated activity with a child.

Jan Brook	(Head Teacher).....	January 2012
Chris Sellers	(Director).....	Sept 2018
Susan Piliu	(Other).....	Sept 2016

The above named have undertaken Safer Recruitment in Education Training. One of the above will be involved in all staff and volunteer appointments and arrangements (including, where appropriate, contracted services).

2.2 Safe Practice

Our school will comply with the current Safe Practice guidance to be found in Kirklees Safeguarding Procedures at www.kirkleessafeguardingchildren.co.uk

Safe working practice ensures that pupils are safe and that all staff:

- are responsible for their own actions and behaviour and should avoid any conduct which would lead any reasonable person to question their motivation and intentions.
- work in an open and transparent way.
- work with other colleagues where possible in situations open to question.
- discuss and/or take advice from school management over any incident which may give rise to concern.
- record any incidents or decisions made.
- apply the same professional standards regardless of gender, sexuality or disability.
- comply and are aware of the confidentiality policy.
- are aware that breaches of the law and other professional guidelines could result in criminal or disciplinary action being taken against them.

School staff having concerns about another member of staff:

- staff members having concerns about another member of staff will report these to the head teacher/principal.
- where staff members have concerns about the head teacher/principal, these will be reported to the proprietor of an independent school as appropriate. Where the head teacher is the proprietor then the concern should be reported to the Local Authority Designated Officer (LADO).

School staff having concerns about safeguarding practices:

- all staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or college's safeguarding regime and that such concerns will be taken seriously by the senior leadership team.
- appropriate whistleblowing procedures, are in place within the school and can be read in further detail by accessing the separate school/college whistleblowing policy.
- where a staff member feels unable to raise an issue with their senior leadership or feel that their genuine concerns are not being addressed, other whistleblowing channels may be open to them by accessing; www.gov.uk/whistleblowing or alternatively www.gov.uk/government/news/home-office-launches-child-abuse-whistleblowing-helpline

2.3 Safeguarding Information for pupils

All pupils in our school are aware of a number of staff who they can talk to. The school is committed to ensuring that pupils are aware of behaviour towards them that is not acceptable and how they can keep themselves safe. All pupils know that we have a senior member of staff (DSL) with responsibility for child protection and know who this is. We inform pupils of whom they might talk to, both in and out of school, their right to be listened to and heard and what steps can be taken to protect them from harm. PSHCE and online safety awareness materials we use to help pupils learn how to keep safe are ChildLine, NSPCC, Police, Stranger Danger, and Anti-bullying.

Our school will ensure that pupils are made aware that information can be found at the following helplines – NSPCC – 0808 800 500, Childline 0800 1111, posters aimed at children about safeguarding issues on display around school, information poster with photos about which staff to talk to if they have any concerns or worries, PSHE lessons, whole school assemblies.

School's arrangements for consulting with and listening to pupils are; *a termly pupil voice meeting involving all children and staff.*

We make pupils aware of these arrangements – discussions in PSHE lessons / Assemblies.

2.4 Partnership with Parents

The school shares a purpose with parents to educate and keep children safe from harm. *Information is provided to parents on keeping children safe and how they can report concerns if they are worried a child is at risk of harm by alerting them to the information for parents at www.kirkleessafeguardingchildren.co.uk; www.nspcc.org.uk; www.ceop.gov.uk or Kirklees Duty and Advice Team on 01484 456848. Information about Online safety with links to further advice is emailed to all parents.*

We are committed to working with parents positively, openly and honestly. We ensure that all parents are treated with respect, dignity and courtesy. We respect parents' rights to privacy and confidentiality and will not share sensitive information unless we have permission or it is necessary to do so in order to protect a child.

The Mount School will share with parents any concerns we may have about their child unless to do so may place a child at risk of harm (see 3 Action by Designated Safeguarding Lead).

We encourage parents to discuss any concerns they may have with the DSL.

The school's child safeguarding policy is available by accessing the school website or a written copy will be provided on request to the school office.

The Mount School is committed to ensuring the welfare and safety of all children in school. All Kirklees schools, including The Mount School, follow the Kirklees Safeguarding Children Board procedures. The school will, in most circumstances, endeavour to discuss all concerns with parents about their children. However, there may be exceptional circumstances when the school will discuss concerns with the Multi-Agency Safeguarding Hub (MASH) and/or the Police without parental knowledge (in accordance with Kirklees Safeguarding Children Procedures). The school will, of course, always aim to maintain a positive relationship with all parents.

2.5 Partnerships with others

Our school recognises that it is essential to establish positive and effective working relationships with other agencies who are partners in Kirklees Safeguarding Children Board. – Barnardo's, Health, Local District Council, ChildLine in Partnership with schools, NSPCC, Surestart. There is a joint responsibility on all these agencies to share information to ensure the safeguarding of all children.

2.6 School Training and Staff Induction

The school's Designated Safeguarding Lead (**DSL**) with responsibility for child protection, undertakes appropriate child safeguarding training and inter-agency working training (provided by the Kirklees Safeguarding Children Board)

The DSL and any deputies will undergo training to provide them with the knowledge and skills required to carry out the role. The training should be updated every two years.

In addition to their formal training, their knowledge and skills will be updated (for example, via e- bulletins, meeting other DSL's, or taking time to read and digest safeguarding developments), at regular intervals, **but at least annually**, to keep up with any developments relevant to their role.

The Head teacher and all other school staff, including non-teaching staff, will receive appropriate safeguarding and child protection training which is regularly updated.

In addition, all staff members will receive safeguarding and child protection updates (for example, via e-mail, e-bulletins and staff meetings), as required, **but at least annually**, to provide them with relevant skills and knowledge to safeguard children effectively.

2.8 School Policies

Safeguarding covers more than the contribution made to child protection in relation to individual children. It also encompasses issues such as pupil health, child sexual exploitation (CSE), bullying (including cyberbullying), domestic abuse, drugs and substance misuse, fabricated or induced illness, faith abuse, female genital mutilation (FGM), forced marriage, gangs and youth violence, gender-based violence/violence against women and girls (VAWG), mental health, private fostering, radicalisation, sexting, teenage relationship abuse, trafficking etc. There may be other emerging safeguarding issues that are local to the school or its area.

Children Missing from Education in Kirklees is one of the statutory functions carried out by the Education Safeguarding Team which is situated within the Attendance & Pupil Support Service.

Section 436A of the Education Act 1996 imposes a legal duty on all local authorities to identify, as far as it is possible to do so, Children Missing Education (CME) and get them back into education.

The law requires all schools to have an admission register and, with the exception of schools where all pupils are boarders, an attendance register. All pupils must be placed on both registers.

The Mount school will inform the local authority of any pupil who is going to be deleted from the admission register. It will be done as soon as the grounds for deletion are met and in any event prior to the name of the pupil being deleted, so that the local authority can identify

children of compulsory school age who are missing education and follow up on any child who may be at risk of abuse or neglect.

The school will inform the local authority of any pupil who fails to attend school regularly, or has been absent without the school's permission for a continuous period of 10 school days or more.

The school will follow Kirklees internal guidance 'First Day Calling' and 'Guidance for Schools on the Monitoring and Reporting of Pupils who Absent themselves during the School day'.

- Ensure that all written concern forms are delivered to the Head teachers office which will act as a single location co-ordination and onward transmission as appropriate to the designated safeguarding lead.

Section 3 Identifying Children who are suffering or Likely to suffer Significant Harm

Teachers and other adults in school are well placed to observe any physical, emotional or behavioural signs which indicate that a child may be suffering significant harm. The relationships between staff, pupils, parents and the public which foster respect, confidence and trust can lead to disclosures of abuse, and/or school staff being alerted to concerns.

3.1 Definitions:

A child: As in the Children Act of 1989 and 2004, a child is anyone who has not yet reached his/her 18th birthday or in the case of disabled children 25 years.

Harm means ill-treatment or impairment of health and development, including, for example, impairment suffered from seeing or hearing the ill-treatment of another; **Development** means physical, intellectual, emotional, social or behavioural development; **Health** includes physical and mental health; **Ill-treatment** includes sexual abuse and other forms of ill-treatment which are not physical.

Abuse and Neglect are forms of maltreatment. Somebody may abuse or neglect a child by inflicting harm or failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting; by those known to them, or, more rarely, by a stranger. They may be abused by an adult or adults or another child or children.

Physical Abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of or deliberately induces illness in a child.

Sexual Abuse Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet and mobile phones). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food and clothing, shelter (including exclusion from home or abandonment).
- protect a child from physical and emotional harm or danger.
- ensure adequate supervision (including the use of inadequate caretakers).
- ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Emotional Abuse Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying via the internet or mobile phones), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children.

Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

3.2 Children who may require Early Help

All Staff (Directors and Volunteers) working within the School should be alert to the potential need for early help for children, for a child who:

- Is disabled and has specific additional needs.
- Has special educational needs.
- Is a young carer.
- Is a privately fostered child.
- Has returned home to their family from care.
- Is showing signs of engaging in anti-social or criminal behaviour.
- Is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health, domestic violence.
- Is showing early signs of abuse and/or neglect.
- Is showing signs of displaying behaviour or views that are considered to be extreme.
- Is misusing drugs or alcohol themselves.
- Not attending school or are at risk of exclusion from school.
- Frequently going missing/goes missing from care or from home.
- Is at risk of modern slavery, trafficking, exploitation, radicalised.
- Not in education, training or employment after the age of 16 (NEET).
- Is homeless and the impact of the pupil facing homelessness.

These children are therefore more vulnerable; this School will identify who their vulnerable children are, ensuring all Staff and Volunteers know the processes to secure advice, help and support where needed.

When using reasonable force this is in line with national guidelines and takes into account individual pupil needs and risk management /care plans and in particular with regard to SEND.

3.4 Peer on peer abuse (sexual violence and sexual harassment)

Staff should not underestimate the potential for one child or young person to abuse another. There are many different forms peer on peer abuse can take, which may involve all the above

4 categories. Abuse may involve person to person contact, however abuse involving the use of technology such as online bullying, social media abuse and “sexting” is on the increase and should be positively dealt with. There should be an understanding of the different gender issues that can be prevalent when dealing with peer on peer abuse.

Staff are reminded that peer on peer abuse is abuse and should never be tolerated or passed off as “banter” or “part of growing up”.

Staff becoming aware of peer on peer abuse will take appropriate action as detailed in section 4 of this policy and adhering to the guidance- sexual violence and sexual harassment in schools to identify, report and respond to any issues/incidents raised.

3.5 Child Sexual Exploitation (CSE) <https://www.gov.uk/CSE-definition-and-a-guide-for-practitioners>

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

Sexual exploitation can take many forms ranging from the seemingly 'consensual' relationship where sex is exchanged for affection or gifts, to serious organised crime by gangs and groups. What marks out exploitation is an imbalance of power in the relationship. The perpetrator always holds some kind of power over the victim which increases as the exploitative relationship develops. Sexual exploitation involves varying degrees of coercion, intimidation or enticement, including unwanted pressure from peers to have sex, sexual bullying including cyberbullying and grooming. However, it is also important to recognise that some young people who are being sexually exploited do not exhibit any external signs of this abuse.

The following signs may be indicators of sexual exploitation:

- Children who appear with unexplained gifts or new possessions.
- Children who associate with other young people involved in exploitation.
- Children who have older boyfriends or girlfriends.
- Children who suffer from sexually transmitted infections or become pregnant.
- Children who suffer from changes in emotional well-being.
- Children who misuse drugs and alcohol.
- Children who go missing for periods of time or regularly come home late.
- Children who regularly miss school or education or do not take part in education.

All suspected or actual cases of CSE are a Safeguarding concern in which Child Protection procedures will be followed; this will include a referral to the police. If any staff are concerned about a pupil, they will refer to the Designated Safeguarding Lead within the School.

3.6 The Criminal exploitation of children: County Lines

Criminal exploitation of children is a Safeguarding concern and will require a discussion with the Designated Safeguarding Lead who will seek advice from agencies and professionals; including, reference to the Safeguarding procedures as outlined by the local authority. This will mean a referral into the Police and Social Care. The school will offer support to a victim.

Signs which may indicate criminal exploitation:

- Persistently going missing from school or home and / or being found out-of-area.
- Unexplained acquisition of money, clothes, or mobile phones.
- Excessive receipt of texts /phone calls.
- Relationships with controlling /older individuals or groups.
- Leaving home / care without explanation.
- Suspicion of physical assault /unexplained injuries.
- Parental concerns.
- Carrying weapons.
- Significant decline in school results / performance.
- Gang association or isolation from peers or social networks.
- Self-harm or significant changes in emotional well-being.

3.7 Carrying Knives/offensive weapons and gang culture

Bringing and carrying a knife/offensive weapon onto school premises is a criminal offence and immediate action will be taken by calling the police and informing the informed. The guidance on Searching, Screening and Confiscation for Head teachers, schools and Directors, January 2018 will be consulted and the school will consider and may apply the disciplinary procedure.

If a member of staff suspects a pupil being involved in gang culture, this is a safeguarding concern and will require a discussion with the Designated Safeguarding Lead who will seek advice from agencies and professionals including reference to the Safeguarding procedures as outlined by the local authority. The pupil may be an exploited child and victim to which the school will offer support.

3.8 Female Genital Mutilation (FGM) and “honour based” violence www.gov.uk/government/publications/female-genital-mutilation-guidelines

So-called ‘honour based ‘violence (HBV) encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing. All forms of HBV are abuse (regardless of the motivation) and should be handled and escalated as such. If in any doubt, school/college staff will speak with the designated safeguarding lead. Professionals in

all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBV, or already having suffered HBV.

If staff have a concern regarding a child that might be at risk of HBV they should activate local safeguarding procedures (as set out in section 4 of this policy), using existing national and local protocols for multi-agency liaison with police and children's social care.

FGM is defined by the World Health Organisation as "all procedures that involve partial or total removal of the external female genitalia, or other injury to the female genital organs for non-medical reasons". There is no cultural or religious justification for FGM and it has been illegal in this country since 1985. If it is performed on a British citizen in the UK or overseas it is a crime. It can leave women and girls traumatised as well as in severe pain, cause difficulties in child birth, and in some rare cases it can lead to death. Current prevalence studies estimate that as many as 60,000 women and girls in the UK could be at risk of FGM, and over 137,000 may already be living with the consequences.

The main countries of origin where FGM is practiced include Africa and the Middle East.

FGM frequently involves young girls between the ages of infancy and 15 years of age.

Professionals need to be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM. There is a range of potential indicators that a child or young person may be at risk of FGM, which individually may not indicate risk but if there are two or more indicators present this could signal a risk to the child or young person. Victims of FGM are likely to come from a community that is known to practise FGM. Professionals should note that girls at risk of FGM may not yet be aware of the practice or that it may be conducted on them, so sensitivity should always be shown when approaching the subject.

Warning signs of Girls at Risk

Member of a community whose country of origin practises FGM and that is less integrated into UK society.

A girl whose sister or other relatives have undergone FGM.

A girl whose parents have withdrawn her from lessons featuring FGM (where other warning signs are also present).

Families making preparations for an extended holiday, including arranging vaccinations in the country of origin.

Families may practice FGM in the UK when a female family member elder is visiting from the country of origin.

You may hear reference to FGM in conversation, for example a girl may tell other children about it.

Mandatory reporting of FGM - duty on schools:

Section 74 of the Serious Crime Act 2015 places a **statutory duty** upon teachers along with regulated health and social care professionals in England and Wales, to report to the police where they discover that FGM has carried out on a girl under 18 years. Those failing to report

such issues will face disciplinary sanctions. Further detail can be found at www.gov.uk/government/publications/mandatory-reporting-of-female-genital-mutilation-procedural-information

3.9 Preventing Radicalisation www.gov.uk/government/publications/prevent-duty-guidance

Prevent is one of strand of the UK's overall counter terrorism strategy, known as CONTEST. Prevent aims to stop people becoming terrorists or supporting terrorism by focusing on the following 3 objectives;

- challenging **ideologies** that support terrorism and those who promote it.
- protecting vulnerable **individuals** from being drawn into extremism through appropriate advice and support.
- supporting sectors and **institutions** where there is a risk of radicalisation.

Section 26 of the Counter Terrorism and Security Act 2015 places a statutory duty on specified authorities to have '*due regards to the need to Prevent People from being drawn into terrorism*'. Specified authorities identified as part of this duty apply to bodies which have significant interaction with children, young people and adults who could be vulnerable to radicalisation and extremism. The authorities listed within this duty include early years and out of school settings, schools, colleges and private and voluntary services that exercise functions in relation to children, for example children's homes and private fostering agencies.

Templates are available to support you with assessing your compliance with the Prevent Duty and to help you identify the risk within your school. These can be accessed via One Hub or by contacting the Kirklees Prevent Hub.

Prevent in Kirklees

The Kirklees Prevent Strategy tackles all forms of extremism and contributes towards the delivery of the "Protecting people from serious harm" theme within the Kirklees Community Safety Partnership Plan. The Kirklees Prevent Hub which is overseen by the Prevent Coordinator, is a partnership approach between West Yorkshire Police and Kirklees Council is your main point of contact for Prevent enquiries and concerns across Kirklees.

Channel and raising concerns

Channel is a multi-agency safeguarding program run in every local authority in England and Wales. It works to support vulnerable people from being drawn into extremism and provides a range of support such as mentoring, counselling and assistance with education, employment and training. Channel focuses on early intervention to protect vulnerable people from being radicalised.

The role of the Kirklees Channel panel is to develop an appropriate support package to safeguard those at risk of being drawn into extremism based on an assessment of their

vulnerability. The Kirklees Channel panel is chaired by Carol Gilchrist, Head of Communities and meetings are held on a monthly basis.

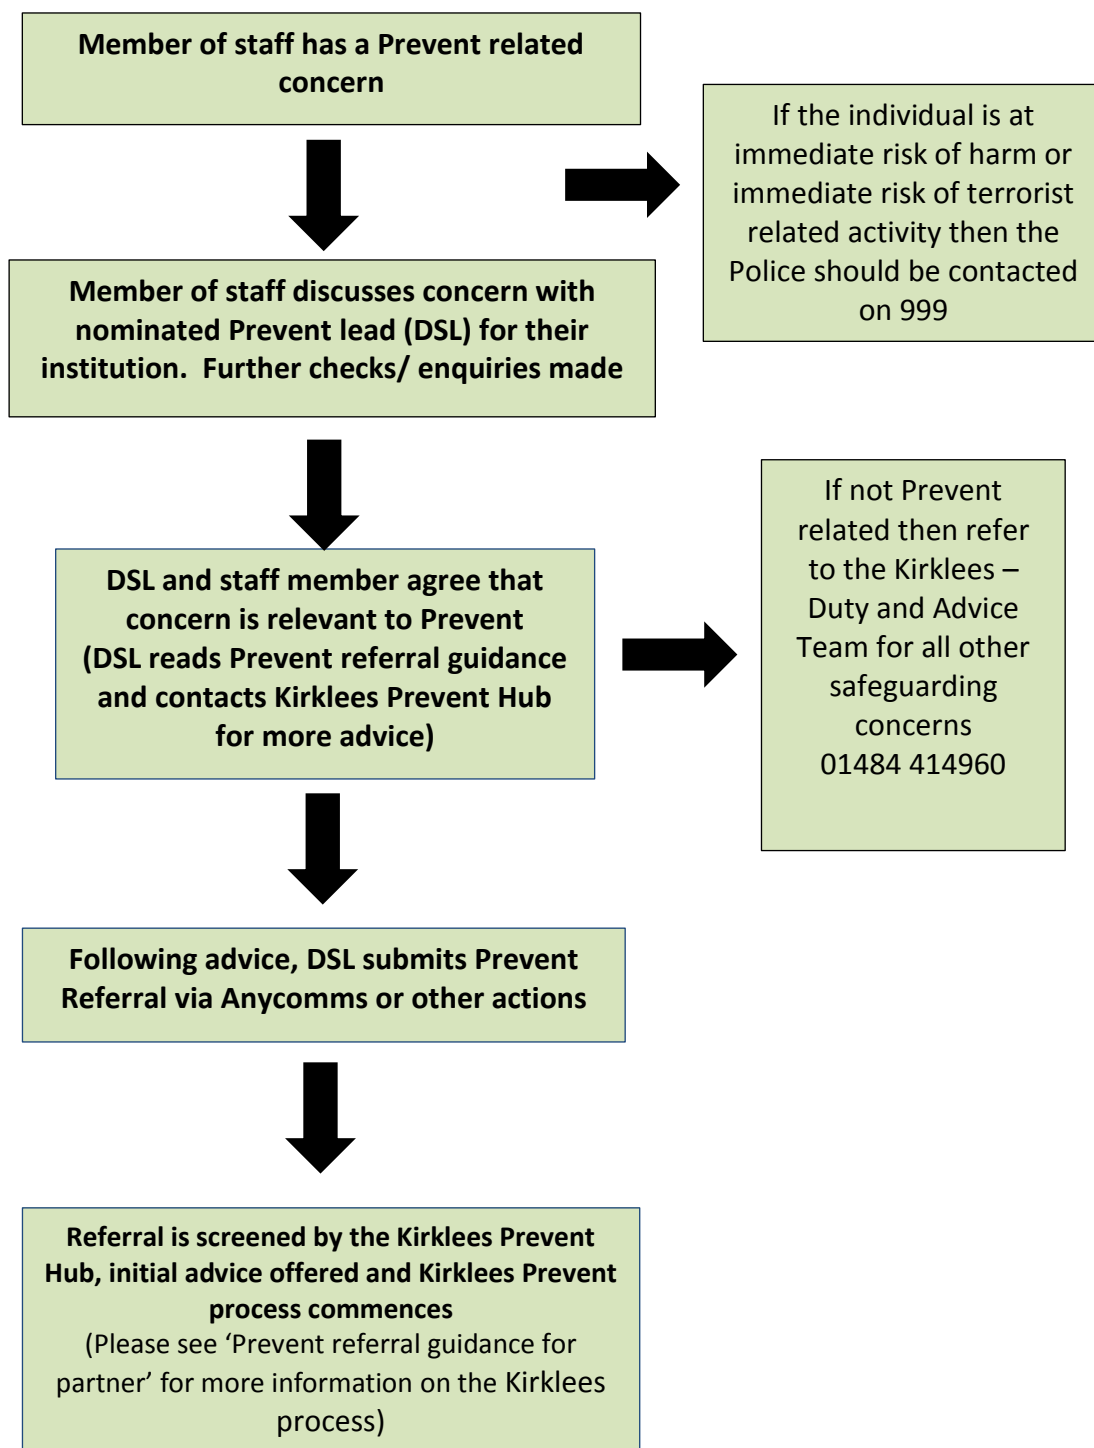

The panel is made up of a number of professionals with safeguarding experience from a variety of organisations and services including children and adults safeguarding, education, health, and West Yorkshire Police.

Channel may be appropriate for anyone who is vulnerable to radicalisation or being drawn into any form of extremism. Channel aims to safeguard children and adults of any faith, ethnicity or background before their vulnerabilities are exploited by those that would want to cause them or others harm.

Participation in Channel is voluntary and requires consent to be given by the individual (or their parent or guardian in the case of anyone under 18) in advance of support measures being put in place.

Referrals made to Channel should contain concerns based on a person's vulnerability to radicalisation and should not be because of the persons faith or ethnic origin. Ideally, the person considering making the referral will be the designated safeguarding officer for their school/ placement and have a good understanding of safeguarding and Prevent.

Kirklees Prevent Referral pathway

Training and support

The Kirklees Prevent Hub offer training to organisations, community groups, education establishments and front line staff who engage with children, young people and individuals or groups who may be susceptible to being radicalised or drawn into extremist narratives.

This includes projects and resources that can be delivered as part of alternative curriculum days or embedded within the curriculum for students and young people across a number of key stages.

For more information about Prevent in Kirklees, including referral forms and project examples please visit the Kirklees Prevent website www.kirklees.gov.uk/prevent or contact the hub via 01924 483747/ Anycomms “Prevent Referral” or Prevent@kirklees.gcsx.gov.uk

3.10 Online safety

The use of technology has become a significant component of many safeguarding issues. Child sexual exploitation; radicalisation; sexual predation- technology often provides the platform that facilitates harm. An effective approach to online safety empowers the school/college to protect and educate the whole school or college community in their use of technology and establishes mechanisms to identify intervene and escalate into three areas of risk:

- content: being exposed to illegal, inappropriate or harmful material.
- contact: being subjected to harmful online interaction with others.
- conduct: personal online behaviour that increases the likelihood of, or causes, harm.

Filters and monitoring

The Directors will be doing all that they reasonably can to limit children’s exposure to the above risks from the school IT system. As part of this process, the governing body/ proprietor will ensure the school/college has appropriate filters and monitoring systems in place. Whilst considering their responsibility to safeguard and promote the welfare of children, and provide them a safe environment in which to learn, governing bodies and proprietors will consider the age range of the pupils, how often they access the schools IT system and the proportionality of costs V’s risks.

The appropriateness of the filtering and monitoring systems in place will be informed in part by the risk assessment required by the Prevent duty (see para 3.4).

Whilst it is essential that proprietors should ensure that appropriate filters and monitoring systems are in place; they should be careful that “over-blocking” does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding.

The following link provides further guidance on what “appropriate” might look like:

www.saferinternet.org.uk/advice-and-resources/teachers-and-professionals/appropriate-filtering-and-monitoring

Further detailed information on the school/college response to online safety can be found in the separate school online safety policy and associated acceptable use policies in respect of information technology in use by staff and pupils.

3.11 The sending of indecent images from one person to another through digital media devices

This school accepts that this is a Safeguarding concern and one that is increasing which requires a robust response. We will seek advice from agencies and professionals acknowledging that there are both national and local guidance that we need to adhere to in order to tackle the concerns and work in partnership with our agencies.

We will refer to:

- The DfE guidance 2018 on Searching Screening and Confiscation Advice for Schools.
- "Sexting in Schools & Colleges: Responding to incidents & safeguarding young people" UK Council for child internet safety.

Section 4 Taking Action to ensure that Children are Safe at School and at Home

All staff will follow the West Yorkshire Consortium Safeguarding Children Procedures which are consistent with 'Working Together to Safeguard Children 2018' and 'what to do if you are worried a child is being abused'.

It is **not** the responsibility of the school staff to investigate welfare concerns or determine the truth of any disclosure or allegation. All staff, however, have a duty to recognise concerns and maintain an open mind. All concerns regarding the welfare of pupils will be recorded and discussed with the designated safeguarding lead with responsibility for child protection (or another senior member of staff in the absence of the DSL) prior to any discussion with parents.

4.1 Concerns that staff must immediately report:

- any suspicion that a child is injured, marked, or bruised in a way which is not readily attributable to the normal knocks or scrapes received in play.
- any explanation given which appears inconsistent or suspicious.
- any behaviours which give rise to suspicions that a child may have suffered harm (e.g. worrying drawings or play).
- any concerns that a child may be suffering from inadequate care, ill treatment, or emotional maltreatment.
- any concerns that a child is presenting signs or symptoms of abuse or neglect.
- any significant changes in a child's presentation, including non-attendance.
- any hint or disclosure of abuse from any person.
- any concerns regarding person(s) who may pose a risk to children (e.g. living in a household with children present).

4.2 Responding to Disclosure

Disclosures or information may be received from pupils, parents or other members of the public. The school recognises that those who disclose such information may do so with difficulty, having chosen carefully to whom they will speak. Accordingly all staff will handle disclosures with sensitivity.

Such information cannot remain confidential and staff will immediately communicate what they have been told to the Designated Safeguarding Lead, make a contemporaneous record and contact Kirklees - - Duty and Advice Team as required. On **01484 414960** or 01484 456848 for consultation.

Principles:

Staff will not investigate but will, wherever possible, elicit enough information to pass on to the designated safeguarding lead in order that s/he can make an informed decision of what to do next.

Staff will:

- listen to and take seriously any disclosure or information that a child may be at risk of harm.
- try to ensure that the person disclosing does not have to speak to another member of school staff.
- clarify the information.
- try to keep questions to a minimum and of an 'open' nature e.g. 'Tell me what happened?' rather than 'Did x hit you?'.
- very young children often do not understand the concept of time so be careful if asking the question 'when did that happen'.
- try not to show signs of shock, horror or surprise.
- not express feelings or judgements regarding any person alleged to have harmed the child.
- explain sensitively to the person that they have a responsibility to refer the information to the designated safeguarding lead.
- reassure and support the child as far as possible.
- explain that only those who 'need to know' will be told.
- explain what will happen next and that the person will be involved as appropriate.

4.3 Action by the Designated Safeguarding Lead (or other senior person who is able to cover this role)

Following any information raising concern, the DSL will consider:

- any urgent medical needs of the child.

- making an enquiry to find out if the child is subject to a child protection plan by ringing Kirklees- Duty and Advice Team as required. - 01484 414960 or 456848.
- discussing the matter with other agencies involved with the family.
- consulting with appropriate persons e.g. Safeguarding Officer and/or - Duty and Advice Team as required.
- the child's wishes.

Then decide:

- wherever possible, to talk to parents, unless to do so may place a child at risk of significant harm, impede any police investigation and/or place the member of staff or others at risk (i.e. sexual abuse, forced marriage or fabricated illness).
- whether to make a child protection referral to Kirklees - Duty and Advice Team as required because a child is suffering or is likely to suffer significant harm and if this needs to be undertaken immediately.

OR

- not to make a referral at this stage.
- if further monitoring is necessary.
- if it would be appropriate to undertake an assessment – Single Assessment Part 1 process (formerly Early Help Assessment) and/or make a referral for other services.

All information and actions taken, including the reasons for any decisions made, will be fully documented. All referrals to the Duty and Advice Team will, if requested, be followed up in writing within 24 hours.

4.4 Action following a child safeguarding referral

The Designated Safeguarding Lead or other appropriate member of staff will:

- make regular contact with the social worker involved to stay informed.
- wherever possible, contribute to the strategy discussion.
- provide a report for, attend and contribute to any subsequent child protection conference.
- if the child or children are made the subject of a child protection plan, contribute to the child protection plan and attend core group meetings and review conferences.
- where possible, share all reports with parents prior to meetings.
- where in disagreement with a decision made by the Duty and Advice Team. E.g. not to apply child protection procedures or not to convene a child protection conference, follow the guidance in the West Yorkshire Consortium Safeguarding Children Procedures 8.2 - Resolving Professional Disagreements.

where a child subject to a child protection plan moves from the school or goes missing, immediately inform Kirklees - Duty and Advice Team on 01484 414960 or 456848

4.5 Record Keeping and Monitoring

Child Safeguarding Record

Accurate records will be made as soon as practicable and will clearly distinguish between observation, fact, opinion and hypothesis. All records will be signed and dated, any information given will be recorded verbatim where possible and a note made of the location and description of any injuries seen.

Keeping children safe in education 2018 (p.10) identifies that 'All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing'. Therefore records included within a child's safeguarding file may include the following:

- All school welfare concern forms.
- Any notes initially recorded in the form of notebooks or diaries.
- Records of discussions, telephone calls and meetings (with colleagues, other agencies or services, parents and children / young people).
- Records of school/setting decision making, as well as action taken and appropriate justifications.
- Professional consultations.
- Letters sent and received.
- Print outs of emails or other electronic communications sent and received.
- Referral forms (both for external and education-based services).
- Minutes of meetings (copies for each child as appropriate).
- Formal plans linked to the child (e.g. Child Protection Plan).

Child safeguarding records must be kept separate from all other records relating to that child.

Child safeguarding records should be stored in a locked cabinet preferably within the DSL's office with access only to those with direct child safeguarding responsibility for children. It is essential to ensure that the school Leadership Team know the arrangements for access to records in the absence of the DSLs.

If any electronic systems are used by the school to store and transfer any child protection files, then this must always take place in accordance with the key principles of the Data Protection Act 1998.

All documents will be retained in a 'Child Safeguarding' file, separate from the child's school file. This will be locked away and only accessible to the head teacher and designated safeguarding lead. These records will be copied, with the original file being transferred to any school or setting the child moves to, clearly marked 'Child Safeguarding, Confidential, for attention of Designated Safeguarding Lead for Child Safeguarding.'

4.6 Retention of Records, Data Protection and Disclosure to Third Parties

Records relating to child safeguarding are exempt information under the Education (School Records) Regulation 1989. They can be kept on computer and are exempt from the disclosure provisions of the **General Data Protection Regulation (GDPR)**.

Neither the parent nor the child has an automatic right of access to child safeguarding records. It is however best practice to share information written by staff unless there is a valid reason to withhold it. If an application is made to see the whole record, advice should be sought from the local authority safeguarding adviser or school safeguarding officer, and the child's social worker if they have one. All third party information should be removed, or consent sought for its disclosure from source.

Cases of alleged abuse that result in court proceedings may require the school to disclose their records, either through the police or social services. Records (suitably anonymised) may also be requested for use in disciplinary proceedings.

In all court cases, a requesting solicitor or other third party should be advised that a Witness Summons or Subpoena should be obtained. In these situations the advice of your local authority legal department should be sought.

4.7 Transferring Records to other School Settings

Child safeguarding files should always be kept by the current education setting which the child attends. Transferring schools do not need to keep copies of child safeguarding files, but if they do they must be kept in accordance with data retention (see next para.). In cases where there may be ongoing involvement from transferring schools/settings, for example if any siblings still attend your school/setting, then DSLs may wish to take copies of chronologies etc. if appropriate.

It is the responsibility of the transferring school to ensure that child safeguarding files are sent to the receiving school/setting. However DSLs in receiving schools/settings should always seek to proactively ensure that positive communications are in place with any feeder schools/settings at transition to check that child safeguarding files have been sent.

Current guidance from the Records Management Society is that when a child with a child safeguarding record reaches statutory school leaving age, the last school/setting attended should keep the child safeguarding file until the child's 25th birthday. Following this, the file should then be shredded and a record should be kept of this having been done including the date, and why.

4.8 Supporting the child and partnership with parents

- School recognises that the child's welfare is paramount, however good child protection practice and outcome relies on a positive, open and honest working partnership with parents.
- Whilst we may, on occasion, need to make referrals without consultation with parents, we will make every effort to maintain a positive working relationship with them whilst fulfilling our duties to protect any child.

- We will provide a secure, caring, supportive and protective relationship for the child.
- Children will be given a proper explanation (appropriate to age and understanding) of what action is being taken on their behalf and why.
- We will endeavour always to preserve the privacy, dignity and right to confidentiality of the child and parents. The Designated Safeguarding Lead will determine which members of staff “need to know” personal information and what they “need to know” for the purpose of supporting and protecting the child.
- Children should, wherever possible, be seen alone and local authority children’s social care has a duty to ascertain the child’s wishes and feelings regarding the provision of services to be delivered. It is important to understand the resilience of the individual child when planning appropriate services. The Children Act 1989 promotes the view that all children and their parents should be considered as individuals and that family structures, culture, religion, ethnic origins and other characteristics should be respected.
- Staff must realise the importance of not only listening to the child but also taking action to ensure the child’s safety.

Section 5 Allegations of Abuse made against Teachers and other Staff (including Volunteers)

Where an allegation is made against any person working in or on behalf of the school that he or she has:

- behaved in a way that has harmed a child or may have harmed a child
- possibly committed a criminal offence against or related to a child; or
- behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children.

We will apply the same principles as in the rest of this document and we will always follow the West Yorkshire Consortium Safeguarding Children Procedures that can be accessed at <http://westyorkscb.proceduresonline.com/> at section 2.6. Detailed records will be made to include decisions, actions taken, and reasons for these. All records will be retained securely in the safe room in school.

Whilst we acknowledge such allegations, (as all others), may be false, malicious or misplaced, we also acknowledge they may be founded. It is, therefore, essential that all allegations are investigated properly and in line with agreed procedures.

Initial action to be taken:

- The person who has received an allegation or witnessed an event will immediately inform the head teacher and make a record.
- In the event that an allegation is made against the head teacher the matter will be reported to the Director who will proceed as the ‘head teacher’.
- The head teacher will take steps, where necessary, to secure the immediate safety of children and any urgent medical needs.

- The member of staff will not be approached at this stage unless it is necessary to address the immediate safety of children.
- The head teacher may need to clarify any information regarding the allegation; however no person will be interviewed at this stage.
- The head teacher (Director if the allegation is about the Head Teacher) will consult with the Local Authority Designated Office for Child Protection immediately, in order to determine if it is appropriate for the allegation to be dealt with by school or whether there needs to be a multi-agency response to the matter.
- The needs of the child or children will remain at the centre of all action taken. With this in mind, any referral to the Local Authority Designated Officer should also be accompanied by consultation with Kirklees – Duty and Advice Team. This is to establish from the outset whether the concerns identified meet the threshold for a Section 47 child protection investigation and/or the police in respect of any criminal investigation.
- Consideration will be given throughout to the support and information needs of pupils, parents, staff and the employee the subject of the allegation.
- The head teacher will inform the Directors of any allegation against a member of school staff.
- If consideration needs to be given to the individual's employment and immediate management of risk, advice will be sought from either Kirklees Council HR (see contact sheet) or the HR advisor employed by the school/college.
