

KS2 Girls Football

15/10/18

A team of five girls from Hillside attended a School Games football tournament, held at Newsome High School. Seven other teams were in the competition from five different schools. The first game was a close run affair, with Hillside winning 1-0. This seemed to inspire confidence in the team as they won their next match 4-1. The final group game was very tense, with Hillside just winning 2-1. This meant that Hillside had got through to the final of the tournament.

The final was a good game, with Hillside taking the lead only to be pegged back, and go behind before clinching an equaliser. Extra time could not separate the team, so it went to sudden death penalties. Hillside's first penalty was smashed into the roof of the net. Dalton's first hit the cross bar and came out. Hillside had won. The children were overjoyed. A great School Games tournament organised by SPIN and run with the help of Newsome High School leaders.
