

HYNDBURN PARK PRIMARY SCHOOL
PUPIL PREMIUM

The Pupil Premium is funding in addition to the school's budget. Schools are free to decide how to allocate this funding to best support the raising of attainment for the most vulnerable pupils. If a child has been eligible for free school meals (FSM) at any point over the past six years or has been looked after for one day or more (Child Looked After) the school receives an amount of money per child.

Academic Year	Amount of Pupil Premium Funding
2018 – 2019	£127, 860
2017 – 2018	£137, 100

2018 – 2019	
Total number of pupils on roll (September 2018)	474
Number of pupils eligible for Pupil Premium	95
Number of Looked After Children eligible for Pupil Premium	1

In 2017/18 the Pupil Premium was used in a variety of ways to support children in school, including:

- The provision of additional teachers so that no class has more than thirty children in it.
- Providing 1:1 and group tuition to ensure that pupils eligible for the Pupil Premium reach (and sometimes exceed) their targets by the end of Y6.
- Additional teaching assistant support to deliver highly personalised intervention programmes.
- Employing a learning mentor to support vulnerable children and families.
- Employing a learning mentor to help to improve children's attendance.
- Employing a Learning and Family Support Worker to provide targeted support for vulnerable children and families.
- Providing a week's Easter School for all Y6 children.
- The provision of a wider range of extra-curricular activities for children to expand their cultural capital.
- Enabling more children to attend school residential visits and educational visits.

Examples of the impact in 2017/18 include:

- More children eligible for Pupil Premium in Y6 made expected progress in reading, writing and mathematics; all of which were above the progress figures for children not eligible for Pupil Premium.
- Our targeted children achieved their progress targets; many exceeded them.
- The average progress of children eligible for Pupil Premium across the school (Y1 – Y6) was higher in reading (3.2 steps), the same for writing (3.1 steps) and higher in mathematics (3.0 steps) than for the children not eligible for Pupil Premium.
- The number of children working within age related expectations across the school (R – Y6) was higher in reading (84%), writing (80%) and mathematics (80%) than for the children not eligible for Pupil Premium.
- Punctuality improved across school during the summer term for pupils eligible for Pupil Premium in comparison to the previous year (previous year data in brackets): summer 1.2% (1.5%).
- More extra-curricular clubs were on offer for children to participate in. Children eligible for Pupil Premium were provided with opportunities to attend lunchtime clubs, as well as after school clubs.
- No child missed out on an educational visit because of cost.

The school plans to continue with these strategies in 2018/2019 (see *Pupil Premium Strategy for further details*).
