

Hurstwood Class Homework 2018 - 2019

Autumn Term 2

Spellings

During years 3 and 4, there are 100 common words which the children are expected to learn to build up their rapid recall of spellings. We will be learning all the words several times over the next two years. Knowing them will also support their reading.

This term's words are the same as last term, so the children might find them easier to learn as they already recognise them.

Week 1 5.11.18	answer, centre, different, guard, learn
Week 2	appear, century, difficult, guide, material
Week 3	arrive, complete, earth, heard, natural
Week 4	believe, continue, extreme, heart, often
Week 5	breath, breathe, famous, history, particular
Week 6	build, describe, group, important, position

If you would like to add suffixes - ed, ing, s to the words then this is useful to practice.

Reading

I am pleased about the competition amongst the children to complete books at home and gain a star on our reader's board.

Flying Fergus by Chris Hoy

There are many books in this series and they are about the cycling adventures Fergus and his friends have. There is a rival team, who try to get the better of them, but they have plenty of scrapes together.

If anyone is available to hear readers during a Wednesday or Thursday afternoon, your help would really be appreciated.

We have been learning the 3 times table, please can you help to practice this so the children can recall it more easily.
