

## Year 2 Take Home Tasks

You must complete at least one activity from the grid below. All activities are worth 5 Dragon Points - challenge yourself to see how many you can earn by Wednesday 12<sup>th</sup> December! If you need any resources, please let us know as soon as possible. Have fun ☺

<p style="text-align: center;">English I enjoy reading, writing and speaking.</p>	<p style="text-align: center;">Present a fact file about your favourite computer game. Who are the characters? What do you need to achieve? Would you recommend it to a friend?</p>	<p style="text-align: center;">Research some sea creatures. What is your favourite one? Create a presentation to share with the class. It could be a poster, power point or a fact file.</p>	<p style="text-align: center;">Find a poem you enjoy, or create one of your own, about a sea creature. Share it with the class.</p>
<p style="text-align: center;">Mathematics I enjoy working with numbers.</p>	<p style="text-align: center;">Write your own maths word problems related to a computer game that you know well. E.g. How many friends does Mario have? How many enemies? Each level has 20 coins to collect, how many altogether?</p>	<p style="text-align: center;">Create a times table game that will help you and your friends to learn their number bonds to 10, 20 or 100. Be prepared to teach them how to play!</p>	<p style="text-align: center;"><a href="https://www.topmarks.co.uk/interactive.aspx?cat=21">https://www.topmarks.co.uk/interactive.aspx?cat=21</a> Visit the Topmarks website and test yourself on everything that you have been learning in school! There are lots of games to play!</p>
<p style="text-align: center;">Visual I enjoy painting, drawing and visualising.</p>	<p style="text-align: center;">Design and make a map of a journey under the sea. What obstacles might need to be overcome? What would there be at the end of the journey?</p>	<p style="text-align: center;">Design your own computer game. Draw a story board to tell the story of your own game and the characters within it.</p>	<p style="text-align: center;">Draw or paint a scene of life under the sea. You could research some sea creatures or create some new ones of your own.</p>

## Year 2 Take Home Tasks

<p>Kinaesthetic I enjoy being active and doing hands-on activities.</p>	<p>Create an undersea world using a shoe box. What would it be like? What or who would live there?</p>	<p>Create a collage, using your own choice of materials, of a computer game character.</p>	<p>Create a new console controller out of recycled materials. How big is it? How many buttons will it have? What will they do?</p>
<p>Music I enjoy making and listening to music.</p>	<p>Listen to some retro game theme tunes (YouTube has lots) which ones do you enjoy and why?</p>	<p>Create your own song about the sea or the creatures in it. Teach it to your friends and share it with the class.</p>	<p>Think of all of the game characters that you know. Can you create a rap to teach your class mates their names? Think about the beat and any ways that you can make it rhyme.</p>
<p>Science I enjoy investigating and experimenting. <b>Focus: Uses of Everyday Materials</b></p>	<p>Find as many objects that are made from plastic or metal in your home. Are some objects made from different materials? For example, spoons.</p>	<p>Find some balls at home. Make a prediction about which one will bounce the highest when dropped. Why do you think that? Try with balls made from different materials. For example, rubber, plastic.</p>	<p><a href="https://www.bbc.com/teach/class-clips-video/sorting-materials-to-be-recycled/zhn2t39">https://www.bbc.com/teach/class-clips-video/sorting-materials-to-be-recycled/zhn2t39</a> Watch the video clip about recycling. Use what you have learned to keep a diary of all the things you recycle at home over a week.</p>
