

Autumn Term 2 – 2018/19

Maths – continuing work on the four operations and fractions and decimals.

English – children will be learning common spelling rules and grammatical conventions, as well as identifying and using features of descriptive writing and stories.

Science – States of Matter

Children will be looking at:

- what makes a substance a solid, liquid or gas
- changing state by heating or cooling
- reversible and non-reversible changes

Geography – Climates, rivers and mountains.

Art – Clarice Cliff

Children will be looking at the life and works of Clarice Cliff and re-creating some of her work in their own style.

R.E. - Islam

Children will learn about the 5 pillars of Islam and why they are such an important part of Islamic life.

Computing – We are musicians

Children will use computer and iPad programs to create and edit musical compositions.

Music – Rhythm, pulse and musical notation

French – Getting to know you

Children will be saying simple sentences to give information about themselves.
