Subject: Locked Gates

Dear Parents and Carers,

Please accept my sincere apologies for the mix up with the opening of the gate on Bath Road this morning and thank you to all of you who were so kind and understanding about it.

I will ensure that this does not happen again and thank you for your patience, while we are going through this period of change within the school.

May I also take this opportunity to thank our retiring caretaker, Bill Hernandez, for all his dedication to ensuring the school site has been maintained over the past seven years. The children made him cards and he was presented with these and gifts from the staff and Governors on his final day here before half term. We offer him our best wishes for his retirement.

For your information, we will be monitoring the car park regularly over the next half term, as this remains a very hazardous part of the school site. This morning I noticed a number of cars that were parked carelessly and without thought to others: one person had left their car parked in the exit lane, which impeded all other users. As I was standing in the exit gateway, I also noted drivers accelerating as they moved through the car park. Please keep your speed below 10 mph.

I am very concerned that a child or other family member is going to be hurt while trying to negotiate their way through moving cars.

Yours sincerely,

Mrs Howie-Lee
