

Our Values

As a result of a thorough consultation process involving children, parents, staff and governors we were delighted to be able to launch our new school values at the beginning of the school year. These values are communicated to every child and the wider school community and underpin our expectations for behaviour at Brunswick.

Kindness
Treat others how you would like to be treated

Honesty
Don't be afraid to tell the truth

Equality
Treat everyone in the same way

Our Values
With Community Code

Positivity
Look for something 'good' in a situation, be optimistic

Respect
Value other people's feelings, ideas and opinions

Our Learning Behaviours

We believe that teaching and learning and behaviour are inextricably linked. We promote the development of the learning behaviours we want to develop through the 5Rs (see below). We strive to ensure all pupils have full and equal access to the curriculum and know that by teaching social, emotional skills to our pupils we will make it easier for them to do so. We enable pupils to understand that behaviour is a choice they make and that such choices have consequences for themselves and others.
