

Year 1 HOME LEARNING Autumn 2

Maths-Counting on

Select a board game (such as snakes and ladders or frustration) and play it with 2 dice. When you've rolled choose which dice amount you will put in your head and then count on the other e.g. if you roll a 2 and a 4 put the 2 in your head and count the next 4 dots 3, 4, 5, 6. You could show your counting on using a number line.

Science

Explore your home and see how many different materials you can find. Do you notice anything?

PSHE-Celebrating Me

Prepare a 90 second presentation on you! Give some information about you, what makes you special? What are your favourite things to do? Tell us something we don't know!

You may decide to do this in video form, poster, book, stand up and talk-decide how you will be most comfortable.

English

Find out some information about Firefighters and create a poster that can be displayed in the classroom.

Topic

Research what fire engines were like in the past compared to now. Can you make a time line to show the differences?

DT (Design and Technology)

Design and then make a Christmas decoration for the Year 1 Christmas tree.

Don't forget to send in your planning sheet as well as your decoration!
