9 November 2018

Dear Parents and Carers,

As part of our Space Topic, we are very excited to announce that we have booked a portable planetarium for the Year 5 children on Thursday 29th November. The planetarium dome will be constructed in the hall before the children arrive so that they benefit from a full morning of immersive space learning. The session will be led by space expert Richard Lake, who has visited Oakworth many times to offer this fantastic experience. Children will encounter a very realistic feeling of looking into the night sky and 'go on a journey through space'.

In order for the Planetarium visit to go ahead, we would kindly like to ask for a voluntary contribution of **£4.00 per child**. This really is an invaluable experience, and one the children will not forget! **Because we have not yet booked a school trip, the children will benefit from this being brought into school.** This is less than half the cost of a school trip to the STAR centre, so offers excellent value for money. **We are asking for contributions, to be made via Parent Pay, no later than Monday 26th November**, and if we do not receive enough funds, we will have no option but to cancel the planetarium visit.

Thank you for your continued support.

Kind Regards,

Mrs Million-Hicks & Miss Kenney
