Head Teacher: Mr William Loughlin

## Introducing Purple Mash

Dear Parents/Carers

At Cottesbrooke Infant & Nursery school we are keen for children to be able to access the best resources to support their learning.

**Purple Mash** is a creative, cross-curricular educational website for children used by thousands of schools. It has many resources covering art to science and all subjects in between.

As well as using it in school, you and your child can access Purple Mash from home using a laptop, desktop or tablet via:

[www.purplemash.com/cottesb-infant](http://www.purplemash.com/cottesb-infant)

There is also a link on the school's website, in the 'children' section found at:

[www.cottesbrooke-inf.bham.sch.uk](http://www.cottesbrooke-inf.bham.sch.uk)

Your child's teacher will soon be sending your child home with login details and a password which will allow you and your child unique access. These should remain confidential.

Purple Mash is a safe environment that does not require any downloading, does not allow interaction with people online and children cannot make any financial transactions.

Over the coming weeks the children will be taught how to use Purple Mash in school. Children may be able to use it without supervision but we hope you will take the time at home to explore it with them.

### Mini Mash:

Mini Mash is the area of Purple Mash specifically designed for children in the 'Early Years' so children in Nursery and Reception will get most use out of this. In Mini Mash you'll find a virtual classroom packed full of activities for children aged 5 and under.

If you have any questions, or lose the password, please speak to your child's teacher.

We hope you enjoy using **Purple Mash**.

Yours sincerely

Mrs J MacMillan  
Computing Co-Ordinator
