

Day 1 Ingleborough Hall November 2018

After a short journey, we arrived eager and raring to go at Ingleborough Hall. Before our lunch, we all the opportunity to meet new, and old, faces from across the federation and create our team names during a tour of the extensive grounds. After this, we were issued with our kits which included full waterproofs, rucksack and walking boots - fortunately the weather has been kind so far. Fingers crossed for the rest of the week!

Our first challenge (for many) was to make our beds, the adults were extremely pleased with the teamwork demonstrated to complete the task!

Once we were all settled, we met our lovely instructors and partook in a variety of activities from climbing, abseiling, gorging and the show cave. The adults joined in as well and enjoyed it just as much - if not more than - the kids. Mr Eagle found his wings and managed to climb almost to the top!

For dinner, we enjoyed a well-deserved hot meal of homemade pizza, chips and peas followed by a sumptuous chocolate brownie pudding drizzled with a hot chocolate sauce.

In the evening, we demonstrated our skills - from forest school - to complete a nightline trail followed by a torchlit walk through the famous tunnels once used by the serving staff of Ingleborough Hall.

We ended the night with hot chocolate for supper and look forward to tomorrow's adventures which will hopefully be in dry and sunny conditions! - Fingers crossed!
