

Anlaby Primary School

"Ambitious, Proud, Successful"

15/10/18

Dear Parents and Carers,

Mathletics Certificates

A certificate is awarded to a student once they have earned 1000 points in a single week.

Only one certificate is awarded each week, to help encourage sustained study by the student.

How to earn points with curriculum activities:

Points are awarded across Mathletics in a number of ways...

1 point per correct answer in Live Mathletics

2 points per correct answer within the student's bonus level of Live Mathletics

10 points per correct answer within individual Mathletics curriculum activities*

20 points per correct answer within a curriculum Topic Test*

*Within the Mathletics curriculum a maximum of 300 points can be earned per week from a single activity (600 points for Topic Tests). This is designed to encourage students to attempt a wide range of activities.

We will do our best to make sure certificates are printed and given out each week.

Certificates earned on a Friday or over the weekend will be given out the following Friday during celebration assembly.

Mathletics is an excellent, fun way to practise maths whilst on the computer or tablet. Please encourage your child to earn as many points as possible. If you have any questions about Mathletics please feel free to get in touch with either myself, or your child's class teacher.

Next week we will be introducing Times Table Rockstars; a fun, online game in which children can practise their multiplication tables. Your child will bring home their new log in details so please encourage them to try it out!

Many thanks,

Mrs Miley.

"Mathletics" & "Times Table Rockstars" Leader
