

Dear Teachers and Children

The Eco Committee are having a “Switch off Fortnight” to help make our school a better place.

It will start on the 19th of November and finish on the 3rd of December.

We will be checking that your lights are off, your interactive whiteboards are off and your outside doors are closed during the two weeks.

If someone is in the class room it will not count and if you are using your interactive whiteboard it will not count either.

You may get a well done ticket or a reminder ticket depending on what we see.

Let us see who the most energy efficient class is!

Eco Committee
