The children are excitedly telling me which parts they are playing and I'm already humming along!! It's coming and along with it, days in pyjamas, mufti days, bring an orange in for Christingle.... we will try to send reminders using our school app as we know it's a busy time for all.

## Pupil Voice

Thank you to the children who joined Mrs Staniforth & me for lunch last week. The children were a pleasure to eat with and had some really good things to say about things that we do well and things they would like to see. Some of the good things were: displays around the school, the new library, adults in school who help the children. Some of the things to improve were: a timer for the gym equipment, a little longer to eat lunch and a swimming pool to help us learn! We'll do our best but the pool might be a stretch too far!

## School Wrap

On Monday 12<sup>th</sup> November the school officially took over the out of school provision for our children and pre-school children. Thank you to everyone for being patient as we tried to find a way forward. We are currently in the process of setting up an online booking and payment system and also the ability to accept childcare vouchers, please bear with us. We welcome Miss Bryoni Holton onto our team as the day to day manager with Miss Jilly Davies assisting her.

If you have any toys or games, in good condition, that are no longer used then please send them our way for the children to play with. Thank you!

### **Parish Council**

Thank you to the parish council who have recently given us some money to start replacing some of the old wooden benches in the playground. Some new seating made from recycled plastic will be appearing soon!
