

The University School, Bolton

The Keys Federation's Proposed Secondary Free School

Our Trust: Our Schools

The Keys Federation Academy Trust has a clear and compelling vision for the future. All stakeholders understand what our MAT stands for: **unlocking potential**.

Our moral purpose, our mission and our values drive our commitment to being part of the MAT. We all believe that ...

Our schools are all about **passion, determination and enthusiasm**.

We see challenges as opportunities and have an unshakeable belief in the right of children to a high-quality education.

Our approach with our family of schools is around interdependence. We have a clearly defined role for the central team that includes the co-ordination of school-to-school support and co-delivering of expertise. Each of our schools has the opportunity to lead within and beyond the MAT. Excellent teachers and leaders work regionally and nationally, in partnership with Whole Education and through the National Support School system.

Simply put, at the Keys Federation, "Together we achieve more".

We have a consistent approach to supporting excellence in all of our schools and we are all responsible and accountable for the MAT and its children as a whole – we have shared ownership across all our schools.

We are bound together by our **"Spirit of Purpose"** and this approach secures the learning in The Keys Federation Academy Trust, built around the principle that all pupils are entitled to an excellent education.

Our **SPIRIT** of **PURPOSE**...

Our **PLEDGES** 2018/2019

We will treat everyone as an individual and unlock their potential. Our schools will be productive and positive places of learning.

We will encourage all to be proud, respectful, understanding and work together. We are all leaders of our learning community.

We will 'go the extra mile' to keep everyone well, safe and healthy.

We will promote, broaden and develop talent through experiences in S.T.E.A.M., Music and Sport.

We will develop 'global awareness' for life in a technological, diverse and competitive world

The Trust's Digital Strategy creates a bespoke learning pathway for your child and maximises staff-time on quality learning and feedback.

Reduce Teacher Workload

Automation of routine tasks, built-in cross curricular content, real-time data analytics and auto-marking free up teacher time to enable targeted interventions.

Improve Learner Outcomes

AI recognises skill gaps and areas for stretch, generating a personalised learning path for every student. Learning material is differentiated and students receive instant feedback.

Guardian Portal

Keep parents and guardians in the loop with detailed learning insights into their child's knowledge, skills and progress.

The University School will deliver our pledges to your community

Underpinning our philosophy is our Trust's pledges to ...
