## Actions

We value your opinions and comments and feel that we are able to move forward in further improving our provision to ensure that all our pupil's needs are met. In response to the questionnaires we are making the following changes to our practice.

1. Simplifying the traffic lights behaviour system to two faces.
2. In order to address your concerns regarding developing speech and language and social skills further, we will be timetabling daily speaking and listening opportunities to support all children in this area. These sessions will consist of daily circles, show and tell, big book time and literacy games to give children dedicated time to discuss their ideas and develop their language and confidence.
3. We have now added a Guestbook to our website page so you can share your ideas, comments and suggestions at any time.
4. You will find support documents on the website regarding the Foundation Stage curriculum, our topics and resources/materials to help you support your child further at home.
5. In the entrance area we have made a parent's graffiti ideas wall for you to share your child's interests and ideas.
6. As a school we have an open door policy and we are happy to discuss your child's progress and needs at any point in the year. We look forward to seeing you at parents/carers evening soon.
