

## Harry Gosling School

### English as an Additional Language (EAL) Policy

2018-19

#### **1 Introduction**

- 1.1 In our school all our children are important, and this applies to all aspects of their education – their teaching and learning, their achievements, their attitudes and their well-being. We encourage all our children to aim for the highest possible standards, and we take account of each child's individual needs and experiences.
- 1.2 A number of our children have particular requirements with regard to learning and assessment, and these are linked to their progress in learning English as an additional language.
- 1.3 Children who are learning English as an additional language have linguistic skills similar to those of monolingual English-speaking children. Their ability to participate in the full curriculum may well be in advance of their current ability to communicate in English.
- 1.4 Being a speaker of more than one language is no disadvantage to educational achievement; indeed, multilingualism is associated with success. This school recognises the importance of community languages in their own right, and the ability of their speakers to acquire other languages.

#### **2 Aims and objectives**

- 2.1 Underlying the National Curriculum is the entitlement of all children to access certain areas of learning, and thereby to acquire the knowledge, the understanding, the skills and the attitudes that are necessary not only for their self-fulfilment, but also for their development as responsible citizens. We seek to honour this entitlement through the education that we provide in our school.
- 2.2 The aim of this policy is therefore to help to ensure that we meet all the needs of those children who are learning English as an additional language. This is in line with the requirements of the Race Relations Act 1976.

#### **3 Teaching and learning style**

- 3.1 In our school, teachers use various methods to help children who are learning English as an additional language:
  - 3.1.1 developing their spoken and written English by:
    - ensuring that vocabulary work covers the technical as well as the everyday meanings;
    - covering not just key words, but also metaphors and idioms;
    - explaining how spoken and written English have different usages for different purposes;
    - providing them with a range of reading materials, to exemplify the different ways in which English is used;
    - giving them appropriate opportunities for talking, and using talking to support writing;
    - encouraging them to relate one language to another;
  - 3.1.2 ensuring their access to the curriculum and to assessment by:
    - using texts and materials that suit their ages and learning stages;
    - providing support through ICT, video and audio materials, dictionaries and translators, readers and amanuenses;
    - using the home or first language where appropriate.

#### **4 EAL and Inclusion**

- 4.1 In our school, we value each child as a unique individual. We will strive to meet the needs of all our children, and to ensure that we meet all statutory requirements related to inclusion. All children in our school follow the requirements of the National Curriculum. We provide learning opportunities that enable all pupils to make good progress. We strive to meet the needs of all pupils learning English as an additional language, and we take all reasonable steps to achieve this.

- 4.2 Children with EAL will be given support in the classroom, in small groups and in 1-1 sessions, as necessary. Their needs are assessed on arrival (see below) by a member of our Inclusion Team who then liaises with class teachers on individual needs and offers support and advice. Children will be given access to a range of strategies and settings to help them to learn English as successfully as possible.
- 4.3 We help children learning English as an additional language by:
- building on their experience of acquiring language at home and in the wider community, so that this experience supports their developing use of English;
  - providing a range of opportunities for them to engage in English speaking and listening activities, with peers and with adults;
  - providing bilingual support to extend vocabulary;
  - providing opportunities for children to hear their home languages, as well as English;
  - providing a variety of writing in the children's home languages, as well as in English.

## **5 Assessment**

- 5.1 Our school uses the QCA English scales 'A Language in Common' to measure the English language competence and progress of all our children with EAL. We record their attainment and progress according to agreed school procedures.
- 5.2 Children who are new to English are assessed on their understanding soon after arriving, to ensure that staff have up-to-date information on a pupil's individual needs. This includes assessing their language skills, reading and maths, to ensure that they are given class work that is pitched accurately to their ability in each academic subject. This is followed up regularly by the member of the Inclusion Team with responsibility for new arrivals, to ensure their progress is tracked and issues are highlighted as appropriate.
