

In Key Stage 1, children have a 20 minute daily 'Letters and Sounds' phonics lesson, which focuses on developing their reading, writing skills through segmenting and blending.

At St Patrick's Catholic school we incorporate reading into our curriculum as much as possible. We have daily guided reading sessions in which reading skills and comprehension are taught using good quality comprehension texts. We also make good use of the Oxford reading tree scheme where, children can read phonetically decodable books.
