

Science

We are exploring how things move in Science. Create a moving vehicle using materials you can find around the house.

Continents and Oceans

Research a continent or an ocean and write about it.

Home Learning Project

Avonmouth

Create a poster about Avonmouth. Draw lots of pictures and write facts about the places in Avonmouth.

R.E

Create a nativity scene.

Each child should choose one project from the options above. The projects are designed to be completed over the course of the term, about 5 weeks.

There will be an opportunity for parents to come in to class to celebrate and view the homework projects at the end of term. More details to follow.

The home learning projects are an excellent opportunity for children to extend their learning.
