

20 November 2018

Dear Parents/Carers

Maths Evening – Tuesday 27 November 6:30pm – 7:30pm

Following the success of our Phonics Evening in October, we are running a similar session on maths next Tuesday 27 November. You may already have realised that the methods your children learn when getting to grips with addition, subtraction, multiplication and division are quite different to the methods you learned at school. This can lead to confusion for both you and them, so we are running this session to help you support them and to give you some background on why we teach this way.

Whether your child is in Early Years or Key Stage 1, this session will be invaluable. There will be an opportunity for you to see the resources individual class teachers use during their maths lessons and you will get lots of ideas on how to support your child at home.

We hope to see as many parents as possible at the session; please let us know if you intend to come by returning the attached slip so we know how many handouts, chairs and refreshments we will need.

Yours sincerely

Caroline Crozier
Head of School

Maths Evening – Tuesday 27 November

I/we will be attending the Maths Evening on Tuesday 27 November.

Name: _____ No. of adults attending: _____
