

Governor profile: Wajid Raja

Name	Wajid Raja
Category of governor	Parent Governor
Term of office	July 2018 – July 2022
Work	I am teaching in a local secondary school, as part of the wider leadership team of the Sixth Form. I teach Business and Economics and have been teaching for over ten years, prior to this I was employed by Vodafone UK for 8 years.
Governance experience	This is my first role as a governor, although I have had much experience working with governors in my occupation.
Why did you become a governor?	I was happy to offer my support to the school as I live locally and believe in supporting the local community, as well as being a former student and parent of two children currently on-roll at Whitehall. I believe I have expertise and experience from my current and former occupation that can support the school with its aims and ethos.
