

In **History** we will be joining in with the commemoration of 100 years since the end of WW1. We will concentrate on what life was like for the soldiers in the trenches.

We are learning and revising the names of the continents and oceans in **Geography**. We are getting used to atlases and using them to identify lines of longitude and latitude and countries in the Northern and Southern hemispheres, including the United Kingdom. We are also learning about the difference between human and physical geographical features.

In **French** will revise basic greetings, learn how to ask and answer questions about ourselves, We are learning colours, numbers and genders of nouns.

In **Beliefs and Values** we will be studying the Story of Diwali and the concept of Dharma in the Hindu religion.

In **Art and DT**

We will be creating artwork to reflect the soldiers' experiences in the trenches using a range of art techniques

YELLOW CLASS

In **PSHE** we are thinking about how we communicate using our bodies and faces.

In **English** we will be using '80days Around the world as our main text in the first half of term , Using Phileas Fogg's exciting journey as inspiration we will improve our descriptive writing .In the second half of term WW1 will be our main focus. Starting with the text "Village Green to No man's land".

In **Science** we will investigating the changes of state in materials and look at magnetism and forces.

In **Music** we are looking at rhythm and mood and starting to compose our own pieces using percussion instruments.

This term in **Maths** we focus on securing the children' concept of place value and then move on to written methods in all four operations. We will be working hard on our times tables and will include practical hands on learning wherever possible.

In **PE** we will be working on football and hockey in our 'games' lessons. In gymnastics we will developing our balancing and core strength. We will also be swimming.
