Headteacher's Welcome

Morning Drop Off—thanks to all for your feedback to the survey. The vast majority of parents who responded were in favour of changing the registration time to 8:55am as we have been trialling since October half term.

This was discussed and approved by governors this week.

It is essential that your child is in their classroom ready to learn by 8:55am when the bell goes. The first teaching session in all classes is critical and for many classes (Reception and Y1) the children are mixed up across the year groups so please ensure that your child arrives on time so that their arrival does not cause disruption to essential learning.

PARKING!!!!

This week a parent reported one morning that her child was almost reversed into by another parent rushing to park outside school—thankfully the child was not hurt but this so easily could have been different!

We have also received a complaint from residents on Fulwood Chase this week that parents are not only inconveniencing residents but also not putting the safety of their children first.

Please park safely at all times!
