

Sportshall Athletics

28/11/18

Six girls and five boys from Hillside took part in the School Games Sportshall athletics competition, held at Newsome High School.

What an event, all of the children performed magnificently, they ran, jumped, pushed and threw their way all evening. The children took part in different events including hurdles, obstacle race, chest push, standing long jump, javelin and relay races.

At the end of the event Hillside finished second overall, but due to the team not having the required number of children (9 of each) they could not progress to the next stage.

An amazing evening, with fantastic children, who put everything into it. Superbly run by SPIN and the young leaders from Newsome High School.
