

High 5 Netball

On Tuesday 4th December the schools netball team played in a level 2 competition at Cheslyn hay high school. This competition was organised in partnership with our school games organiser. Our netball team have been training during lunchtimes with Mr Sellman and Miss Walden, these sessions we have helped the children to understand the rules of high 5 netball, learn the roles of each different position and also coaching the children in passing, movement, attacking and defending skills. In preparation for the tournament we also organised a friendly match against moat hall.

During the tournament the team played 4 games split into 8 half mini games, the team competed against schools from the local area, these included Moat Hall, Glenthorne, Havagul and ST Johns. Every half the team played they changed position so the children all gained experience playing in different positions. The team played some good netball trying their best throughout the tournament. Our results for the tournament was we won 1 drew 1 and lost 2 this meant overall we finished joint 3rd.
