

Maths
partition two-digit numbers into different combinations of tens and ones. This may include using apparatus (e.g. 23 is the same as 2 tens and 3 ones which is the same as 1 ten and 13 ones).
The pupil can add 2 two-digit numbers within 100 (e.g. $48 + 35$) and can demonstrate their method using concrete apparatus or pictorial representations.
subtract mentally a two-digit number from another two-digit number when there is no regrouping required (e.g. $74 - 33$).
To know that addition of two numbers can be done in any order (commutative) and subtraction of one number from another cannot
recognise and use the inverse relationship between addition and subtraction and use this to check calculations and solve missing number problems

Art and DT
I can complete a critical study on Peter Thorpe
I can create an abstract background.
I can create a space themed piece of art with an abstract background. I can evaluate my work.

Geography/ History
To know the 7 continents of the world.
To know that Neil Armstrong and Buzz Aldrin were the first men to set foot on the moon.
To know why the Earth is inhabited and other planets are not.

Science
I know the planets that make up the solar system
I know that Gravity is a force.
I can design and make a rocket that will use water pressure to launch it.
I understand that planets and stars are different.

Role play
Space Travel Agents.

WOW
Space Rockets Day! Space Domes!

British Values/ PSHE
Responsibility & Mutual Respect
Getting on & Falling Out
What we need to survive. Keeping Healthy.
Questioning.

English
To continue to learn how to spell Y2 common exception words.
To learn the Autumn Spelling Rules and use them in independent writing
To read a range of fiction and non-fiction and respond to what has been read in writing. To use expanded noun phrases.
To read and write instructions with adjectives and adverbs
To read and write instructions.
To make simple additions, revisions and corrections to their own writing.
