

Lyneham Primary School

7th December 2018

Dear parents/carers,

Please find attached a timetable of the **extracurricular club** opportunities on offer for the **Spring term**.

Team Lyneham- These are sports based activities with an emphasis on cooperation and respect. On completing a Team Lyneham course, children will receive a navy badge to wear on their uniform.

Home Lyneham- These are life skills based courses and offer a range of practical activities designed to enhance self-reflection with an emphasis on kindness and responsibility. On completing a Home Lyneham course, children will receive a black badge to wear on their uniform.

Create Lyneham- These are creative opportunities and are designed to help children build self-confidence and stimulate imagination. On completing a Create Lyneham course, children will receive an orange badge to wear on their uniform.

This year, to celebrate the commitment and work that children put into their attendance and participation in these activities, we have decided to award children with a 'Graduation Badge' on completion of the term. They will be encouraged to wear their badges with pride and try to earn a variety of them through the course of the year by trying different types of clubs in different terms.

The Spring term applications are open now and the **clubs will begin week commencing 14th January**. Your child will be bringing home a booking form today. Please discuss the importance of commitment with your child as when they take a place in a club, it means that another child may not be able to so it is important that they honour their commitment and see it through until the end. This way they will also be awarded with their completion certificate and a badge. There are limited spaces available so we need to limit children to attending one activity per term until we can measure how popular certain things are and ensure all children have an opportunity to take part in something.

We hope that there will be something for everyone in our menu, but we are always open to suggestions for future opportunities. Please feel free to share any ideas you think would be helpful or more inclusive in the coming terms.

Regards,

Mr Read
Headteacher
