

Year 4 Menu - Spring

By the 1st March 2019 you need to have completed the tasks set below— a starter, one main course, one dessert and one drink. All work must be handwritten, so make sure you pay attention to your presentation, particularly your spelling, punctuation and grammar—this is partly what your work will be marked on. All participants will receive 25 house points with the best entry from each class receiving a £5 Tesco voucher.

Starter

Read a book and write a short review on it (no more than one side of A4) . You need to consider: why you chose that book, who the main characters were, which genre the book was from, what happened and also if you liked it or not and why. Make sure you let us know if you would recommend this book to others and if so to whom.

Main Course

Meat Option

In Geography we will be looking at different countries in the world. We will look at their rivers, mountains, seas around them and a bit about what life in that country is like.

Your task is to write a persuasive leaflet about a country of your choice—how could you make me want to visit that country—which facts about that country would I need to know?

Make sure you include: a map of the country, the currency used, what sorts of food I could eat, what the climate is like, which activities I could take part in.

Make me want to visit it!

Vegetarian Option

In Computing our unit is called “We are Toy Designers” - design a new toy. Think about who your toy is aimed at—what does it look like—what does it do—how does it work—what makes it so special?

Once you have designed your new toy and drawn it, remembering to label the main features of it, write a few paragraphs about what your toy is like and what it does. You might even want to try making it

Desserts

Choice 1— In History you will be looking at Ancient Greece—draw a picture of a mythical beast or if you wish to make a 3D model of one. Think about what it looks like when you draw or make it—how tall is it, how does it moves. Label your illustration showing all of the powerful features that your beast has.

Choice 2— In Computing the next unit is entitled “We are Musicians”. Write a song, it can be about anything that you choose. It needs to have a structure to it—so verse—chorus—verse—chorus. Don't forget the title.

Drinks

SMSC— **Choice 1—** We are all the same. Think about you and some of your friends—how are you the same and how are you different. Make a list of these similarities and differences—find out the meaning of the word unique”. Are we all unique? How? Is it a good thing that we are not all the same?

SMSC—**Choice 2—** Rules—What are the rules in school (we have 5 Golden Rules)? Design a poster reminding everyone of these school rules and explaining why it is important that we follow rules. What do you think would happen if we did not follow them?
