

## This Week

Year 1 have begun to explore the difference between 2 numbers by matching objects together to see what is left over.

Are there more leaves or more ladybirds?

How could we find out?

They completed sentences such as  
 There are...more...than....  
 There are...less...than....  
 To help them verbalise their findings.

Next week they will be moving on to find the difference without pictures.

It's show time! We have stepped up our performance practices this week and have added acting and dancing. The children put on an amazing performance to the rest of the school this morning and I know they cannot wait to show you on Monday or Tuesday.

## FYI

- Monday 10th and Tuesday 11th are our performances-there has been a change in the evening performance drop off arrangements please see email from yesterday.
- Friday 14th December is wear a Christmas Jumper day.
- Mr Lock our interim head was on the gate on Thursday he will be in a couple of days next week too.

## Changing for PE

Year 1 are practicing getting changed in and out of their uniform in 5 minutes. At home you can support your child by timing them as they get dressed in the mornings. We are aiming for all 29 by Christmas!

## Mrs Dunk's message

I have had a couple of parents ask for class lists for Christmas cards, because of the new data guidelines I have to ask permission before I give this out. On Monday and Tuesday I will be standing at the door with a tick sheet please let me know if your child's name can be on that list. Thank you.
