
Key Stage: Key Stage 2

Indigo Class

Teachers: Miss East and Mrs Berry

Teaching Assistant: Mrs Bradley

Happy New Year

We are all really excited to be back for a new term.

It would be beneficial for children to read at home daily and record in their planners. Also, it would be really great if the children could continue to use TTRockstars to help them to practice their times tables. All children should have log in details; however, please ask if your child needs a reminder.

Topics this Term

Our question this term is 'Is there anyone out there?'. We will be basing our learning on the theme of 'Space'. We will be reading *The Jamie Drake Equation* by Christopher Edge, which is about an astronaut. It would be helpful if you could provide your child with their own copy. Home research linked to the topic is also welcomed.

The work produced by the children throughout the term will be displayed as part of a REAL Event exhibition which you are welcome to attend. It is anticipated that there will be a trip to a museum to support the children's learning. More details will follow.

Maths will be based on multiplication and division, perimeter and area, fractions, and decimals and percentages.

In Science, the children will be learning about the Solar System and forces.

Please feel free to ask any questions or contact us via DOJO.

Upcoming Events

4th January 2019

School closed for PD Days

7th January 2019

Back to school

Important Information

Please ensure the children have a full PE kit in school. Once it is in, it can stay until the end of term.

Each child should also have a water bottle in school at all times.

WOW board

We would love to hear about your child's achievements outside of school so they can be displayed on our WOW board for all to see.
