Monday 10<sup>th</sup> December 2018

Dear Parents/ Carers,

It has been brought to the attention of school council that we are greatly contributing to plastic waste. In particular, the use of single use plastic straws on our milk cartons which are delivered to thousands of schools and used by millions of children every day. Each day we are collectively responsible for contributing to plastic waste- a global environmental disaster!

As part of a family or holiday activity school council are inviting you to do two things:

- 1) Enter our competition to design an eco-friendly alternative to the plastic straw
- 2) Write a letter of complaint to our current milk providers

Entries to the alternative plastic straw competition will need to be presented either as a poster, powerpoint or video and emailed to : [vaniaseevaramen@stpeters.brighton-hove.sch.uk](mailto:vaniaseevaramen@stpeters.brighton-hove.sch.uk) by January 25<sup>th</sup> 2019. The letters can be written at any time over the Christmas holiday and sent to:

*Milk & More Customer Services  
Freepost MILK & MORE*

By writing individual complaints, we hope for a stronger voice- in this way changes can be made.

*Some websites that may help with information:*

Thank you for your support.

Yours sincerely,

St Peter's Community School Council 2018-2019
