News

The penultimate week before the Christmas holiday has been filled with rehearsals, practising and preparations for Christmas productions, music concerts and discos. Be sure to check the calendar for all the fun events and activities and make sure all reply slips are brought at the appropriate time.

We have a busy start to next week. Our charity afternoon on Monday is full, but all cake donations will be greatly appreciated. All proceeds will go to our charity of the year, Keech Hospice Care. Which we know is a cause very close to many of our hearts. Please also visit us after school for our book fair.

There will be some changes to the lunch menu this week to make room for Christmas dinner, so make sure you have a look to see when your favourite meals are being served.

Lealands Performance

On Thursday, our Year 4 got invited to watch a performance by Lealands' students. They donned their high-vis jackets and made the journey to the high school. Children really enjoyed the Christmas production and came back filled with Christmas spirit. Thank you to Lealands for inviting us and to the students for putting on such a fantastic show.

Santa's Christmas Shop

Our Santa's shop was held on Thursday, where children who wanted to buy a present for loved ones could come and choose a gift and personalise it ready to give on Christmas morning.

The Learning Pit Story

Layton in Year 4 decided he would write about how the 'Learning Pit' helped him in class. We thought we would share it with you as it's a fantastic way to highlight the ways children are overcoming obstacles and gaining a sense of achievement through learning.

I was stuck on a question; it felt like no-one could answer it. But across the classroom I could see the Learning Pit. At first, I was in the pit. I thought for a minute, I tried again but I got it wrong and then I asked for some help. I was getting there! Eureka! I did it! I was so happy and the Learning Pit helped me.

Weekly Awards

Super Heroes 07/12/18

Chosen by class teachers for showing respect, being inclusive and helpful, and caring towards others.

Year 3
Kellise
Tyler B

Chips Three Cheese &
Tomato Pizza ✓
Tandoori Chicken in a Bun
Fruit Smoothie

Friday

Christmas Dinner

Next Week in English

Year 3

Next week in English, we will be writing instructions for a healthy sandwich, following our DT activity this week.

Year 4

In Year 4 next week, we will continue to learn how to write a discussion text. We will be writing our own text using all the features we have learnt and then edit and improve it.

Year 5

Next week, Year 5 will be given the choice of what type of writing to do based on a stimulus. We look forward to seeing what ideas they come up with.

Year 6

Next week, Year 6 will be creating their own action story that shows how a character changes. They will be including speech and figurative language to show how the main character has changed.

Next Week in Maths

Year 3

Next week in maths we will be continuing to learn formal methods for addition and subtraction.

Year 4

In maths next week, Year 4 will be continuing with their work on multiplying and dividing by 10 and 100 in various contexts. We will also be practicing our times tables again through some fun, festive games!

Year 5

Next week, we will be using short multiplication to find the product of a 3 or 4 digit number and a single digit number.

We will then learn to use long multiplication to find the product of 3 or 4 digit numbers by 2 digit numbers.

Year 6

Next week, Year 6 will continue to look at the relationship between fractions and decimals. This will include associating fractions with division and look at decimal and fraction equivalents.
