Our Scientists of the future had an amazing day!

The children had a fantastic day making slime, investigating the effect of carbon dioxide on raisins in water, finding out how a lava lamp works, watching how ink reacts on blotting paper and making small explosions (Mr Lee kept everyone safe!). A governor who popped into school to see what we were doing said, “This is more than stupendous! I felt inspired myself so this is marvellous for the children!”.

Junior Road Safety Assembly

Sophie and Leo led a special Road Safety Assembly on Monday, launching a competition and giving the children a clear message about how to stay safe as the evenings grow darker. They asked for 2 volunteers, one to wear a high-visibility jacket and one to wear head phones. Asking questions about who would be safest on the road, our 2 Road Safety Champions were confident and clear. Well done Sophie and Leo!

Break time Snacks for children in Year 3 4 5 and 6

A reminder that children are welcome to bring a piece of fruit into school to eat at morning break. This does not include packets of dried fruit or fruit winders as these create litter and contain more sugar than fruit in its natural form. Thank you.
Inspired by Torvill and Dean’s famous “Bolero” routine, our Year 1 children took to the hall floor on Friday, “ice-dancing” their way round with a partner, holding poses and performing spins!

Year 2 have become Art Detectives! Case Number 26 “Children At Play”.

Shiver me timers! A hoard of pirates have invaded Year 1, looking for treasure, wearing patches and ear-ings and eating some very tasty looking ships biscuits!
