

## **Alexandra Hughes, Co-opted Governor**

### **Background**

I am by background a lawyer, specifically a Barrister in independent practice, specialising in Regulatory and Criminal law. I am experienced in sitting on committees and working with others to achieve shared goals.

### **Reasons for becoming a governor at Grange Primary School**

I live in Ealing and when I decided I wanted to be a Governor, I was keen to do so at a school in my community. I want to be able to help the school to continue to reach its potential for the benefit of all its children. It is a wonderful opportunity to work in my community and to help our future.

### **What I can bring as a governor to Grange Primary School**

I wanted to be a Governor to offer my varied professional skills to give back to the community. I have primary school aged children myself and I am keen to help children to meet their full potential. My analytical, advocacy and other skills I hope can be deployed in the interests of the school and its community.
