

KIDS want to talk to you about participation which is sometimes called youth voice.

It is about young people being listened to and changes happening because of them.

We will also talk about some websites and what information might help you.

We want to talk about young people sharing their experiences.

KIDS have some questions that we want you to think about:

- Can you think of a time you spoke out and something changed because of it?
- What would you like to tell Hillingdon London Borough Council?
- How should Hillingdon London Borough Council communicate with young people?
- How can we keep young people involved?
