

## English

Building on the successes of term one, we will be exploring a variety of text types including explanation, narrative and biography reports.

Intertwining with our topic we will confidently use rich language in a variety of situations, for a variety of audiences and purposes, including through drama, formal presentations and debate.

This term will also see Oak Class continuing to build reading comprehension skills.

## Oak Class - Term Two

# In What Colour Do You See the World?

## Art and Design

All things colour! Creativity and design will be explosive and vibrant this term.

We will celebrate our topic with the use of various textures/materials, answering lots of curious questions about colour and whether it means something different to each of us.

## Maths

In the first half term, Oak class will be working with volume, money, time, fractions, temperature and data including a variety of graphs.

Linking them with our colourful topic will bridge the curriculum between math, science and art.

## PE

This terms Oak will be physical through dance, gym sequences, outdoor and adventurous activities and invasion games.

## RE and PSHE

PSHE will be taught alongside our RE by looking at scenarios from different perspectives and learning how we can solve conflict, be kind and care for others. Exploring diversity of faiths will see us examine inspirational people this term.

## At Home

### Reading

Please continue to develop comprehension skills by reading regularly and discussing the content, what happened and why. Further asking why the author chose to use certain words, how they are spelt and why specific punctuation has been used.

### Times Tables

Please practice regularly by making it a fun activity. Year 3 focus is on 3, 4 and 8 times tables whilst year 4 will be working on knowing all tables to 12 x 12.

## Science:

Plant life will drive our curiosity for scientific study this term.

Experimenting with vibrant colourful phenomena will help us to link ideas; test our hypothesis through to conclusion with justification and reasoning.

## Music

Oak Class will be getting musical with pitch and notation before moving on to tuned percussion and Easter songs.

## Computing

We are presenters → Shooting and editing video → Creative minds!

## French

Awareness of French speaking countries linking to Geography and continuing to learn simple conversations related to our topic.

## Geography/History - Ancient Egypt

Oak Class will pharaoh themselves into our learning this term!

They will learn about the powers of different gods and raise questions about artefacts in order to understand more about the ancient civilisation.

We will understand how evidence can give us different answers about discoveries and note connections, contrasts and trends over time.
