

Aireborough Children's Centre's

Let's Get

Messy!

@ Westfield Infants School Annex

Wednesday's (term time only) 10am-11.30am

Roll up your sleeves and enjoy some messy play time with your little one!

Messy play stimulates the senses. Tactile experiences gained during messy play helps little ones experience a variety of textures. During messy play, babies and toddlers are developing eye-hand coordination and fine motor skills. What looks like a mess on the surface is truly a learning experience for your child!

We advise parents to ensure children are dressed in clothes that are ok to get messy. The centre will provide aprons and cleaning wipes!
