## EDUCATIONAL VISITS POLICY

### 1. Introduction

- 1.1 All schools are required to offer children a broad and balanced curriculum that promotes their spiritual, moral, cultural, mental and physical development, and prepares them for the opportunities and experiences of adult life.
- 1.2 At Burrsville Infant Academy we seek to ensure that the National Curriculum is delivered to all children, regardless of social background, race, gender or differences in ability. All are entitled to the development of knowledge, understanding, skills and attitudes. To enrich the curriculum for our children we also offer a range of educational visits and other activities that add to what they learn in school.

### 2. Organisation

- 2.1 The National Curriculum defines what we teach the children in school. This is the basis for each class's programme of learning for each school year. In addition, teachers and governors agree the corresponding programme of visits and activities in advance of each academic year.
- 2.2 Within each class's programme of work the teachers plan educational visits and activities that support the children's learning. Parents are given details of these activities well in advance of the event.
- 2.3 Visits and activities usually take place within the school day, and the governing body approves all such visits in advance. We follow the LA's guidelines relating to health and safety, and we ask parents to give written permission for their child to take part in any activity that takes children off the school site. If we do not receive this written permission the child will be unable to participate.

### 3. Charging for School Activities

- 3.1 All education during school hours is free. We do not charge for any activity undertaken as part of the National Curriculum. There are some circumstances when the school can make a charge for certain activities. The governing body has a Charging and Remissions policy that details the full range of activities where a charge can be made. A copy of this is available from the school office.

### 4. Curriculum Links

- 4.1 All educational visits and activities support and enrich the work we do in school. There are also a number of people who visit the school to support our work. Some visits relate directly to areas of learning for individual classes, whilst others relate to all our children.
- 4.2 For each subject in the curriculum there is a corresponding programme of activities which includes visits by specialists.
