

Circus Circus

Your child can choose one or more of these homework activities to complete with you over the coming term. The activities are designed to encourage your child to be creative and so are purposefully very open-ended - there are no right or wrong answers! Your child may go about these activities in any way they choose, for example - talking, dancing, drawing, making, writing, photography, on the computer etc. We will ask your child to complete an activity every two weeks, please get them to bring anything they have produced to share in school - we look forward to seeing the results!

If you have any questions please don't hesitate to ask. Thank you for your support. Ms Reeves

Science

Use a fridge magnet to explore what is magnetic in your home (but please don't put your magnet near a computer or phone screen !)

Communication, language and literacy

Create your own Clown's Joke book and illustrate.

Personal, social, health and emotional development

Make an e-safety poster (staying safe online)

History/ Geography

Research a famous circus or clown from the past or from another country, and put your findings onto a poster.

Physical Development

Practise your circus skills, such as juggling- can you get more than two up in the air?!

Expressive arts and design

Make a 3D model of a big top or a colourful circus collage.
