

Personal, social and Emotional Development

The children will be learning about the school values and how to apply them. We will also be learning about the golden rules.

We will continue to think about what makes us a good friend and how we share and listen.

It is also important that we learn to look after our environment so will be learning how we care for ours and other peoples belonging's

Knowledge and Understanding

We will look at the different ways vehicles move, whether they fly, sail, drive, use an engine, use steam or propulsion .

We will use ICT to play shape games

Maths, Shape and Measure

We will be looking at 2D shapes and how they shape the world around us.

We will learn all about their names and their properties. In our building work we will start to learn about 3D shapes.

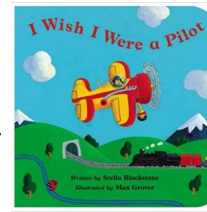

RE and Citizenship

As we continue to develop our friendships we will begin to think about what makes us unique and different, and how we can celebrate those differences

Communication and language

We will be focusing on 2 stories " I wish I were a pilot" and "Journey Home from Grandpa's house"

We will be developing our use of questioning to help us explore and strengthen our investigations. We will also be learning new words to help describe how different things move.

Nursery—Holland

How Things Move

Expressive Arts and Design

We will look at the shapes which make up different vehicles. We will then look to see how we can relate this to everyday resources. E.g. using boxes for a lorry and bottle lids for wheels.

We will construct our own vehicles using our knowledge and our imagination, before we head off on an adventure.

Physical Development

We will explore how different things move and see if we can imitate and copy it. We will also come up with our own interpretations to different words e.g. 'bumpty bump'

They will learn to use tools to mark make, cook, build and paint.

TRIPS/EVENTS

Different vehicles- we will be having a visit from different types of vehicles. We might see a fire engine, a fast car or a motorbike

Literacy

We will be learning new songs and rhymes encouraging our repetitive language. We will think about some words that rhyme together

Some of us will continue to try and write our own names, whilst others will begin to write labels and captions for their creations..

RE and Citizenship

The children will learn about making new friends and following the Golden Rules at Nursery
