11th January 2019

Parents/Carers of Y2

On the afternoon of Thursday 24th January between 2.00pm- 3.00pm, we will be having a maths afternoon in school. During the afternoon we will be looking at end of year expectations for year 2, sharing sample SAT papers with you and offering help and advice in ways you can help your child at home with their maths skills.

The second part of the afternoon you will have time to work with your child with different maths activities set around the room. This will be a range of reasoning and problem solving tasks.

Please let us know by Monday 21st January if you can attend by completing and returning the slip below.

Thank you

Mrs Lucas, Mrs Hall and Mrs White

.....
