

# Nursery 3 Home/School Learning Plan

These are the things we will be learning about this Spring Half Term. Please help me at home.

We will be learning to take turns and share resources.

We will be looking at snow and ice and watching what happens when they get warm.

We will be finding out about animals that live in cold places.

We will be using number names and reciting numbers in order.

We will be exploring how sounds can be changed and copying simple rhythms.

We will be talking about similarities and differences between our families and friends.

We will be listening to rhyme and rhythm in stories.
